Some of Nine Men Held in Spy Probe Will Face Charges

Appearance in Court to Coincide With Release of the Next Interim Report

OTTAWA, March 6 (CP).—Some of the nine men still held in Canada's Soviet spy ring inquiry definitely will be charged under the Official Secrets Act and their appearance in court will coincide with release of the second interim report of the Royal Commission inquiry, The Canadian Press learned authoritatively today.

When these charges will be laid was not known, but it was not expected the accused would be brought into court for another week or so. The number to be charged also was unknown, but it was believed they would constitute a complete "cell" in the ring, which the commission said in its first interim report Monday had operated "under direct instructions from Moscow."

It was noted the interim report identified Capt. Gordon Lunan, one of four persons arraigned in court Monday under the Official Secrets Act, as the "head of a group" which worked under the personal instructions of a member of the Russian Embassy staff in Ottawa.

This prompted the belief that charges would be laid against groups of persons who acted as "cells" in the espionage organization. It was considered likely that none of those in any one cell was known to the members of another such group.

Following procedure used in the first interim report, which covered one group, it was considered likely the commission would release interim reports as it concluded inquiry into activities of each "cell."

Moscow May Report to U.N. Council

Meets Next in New York on March 21

LONDON, March 6 (CP).—Informed sources said tonight they believed Russia's failure to withdraw all her troops from Iran would result in a request from some country—perhaps Iran herself—for an immediate report to the United Nations Security Council on the Soviet-Iranian negotiations.

Some diplomats expressed belief Moscow would delay replying to Britain's request for an explanation and would report direct to the Security Council when it meets in New York, March 21.

Under the Securitiy Council decision last month, Russia and Iran agreed to report the results of their negotiations. At the same time, the Security Council retained the right to ask for progress reports at any time.

TEHRAN, March 6 (AP).—The Iranian War Ministry said tonight that Iranian troops had "been stopped by the Russians" 60 miles east of Tehran as they moved into garrison three eastern towns which Soviet officials had said they were evacuating last Saturday.

The towns were Samnan, Shahrud and Meshed, the only three places mentioned specifically in Moscow's announcement that the Red Army was being withdrawn from some areas which were "more or less" quiet.

Theatre Work To Start Soon

An indication that construction of the new $150,000 Odeon theatre here may commence in the near future was given yesterday when H. H. Simmonds, Vancoover architect, applied at the City Hall for a permit to build the theatre at 748 Yates Street.

To be construcled by Odeon Theatres of Canada, Ltd., the theatre is said to be designed to seat 1200 persons. According to the plans, it will be constructed with a 30-foot frontage on Yates Street, from which a long passage will lead into the main part of the building extending through to Johnson Street.

Contracts for the building have not yet been let, but Mr. Simmonds indicated yesterday that construction may be starting in the very near future.

Quebec Member Visits Dr. Weir

Col. the Hon. Wilfrid Bovey, Legislative Councillor of the Province of Quebec representing the district of Rougemont, paid a call on Hon. Dr. G. M. Weir, Minister of Education, at the Legislative Buildings yesterday.

From Europe Day by Day—

THE TIMES, London

News and Comment on International Events selected from The Times daily and published in The Daily Colonist by special arrangement with The Vancouver Daily Province.

LONDON, March 6.—It will be interesting to watch American reactions to Churchill's proposal for joint use of British and United States air and naval bases, says The Times editorially today.

Difficulties of Anglo-American relations, the editorial adds, have traditionally arisen at the point where the call comes to translate common sentiment into common political commitments

Whst Churchill said of the Russians in another part of his speech is equally true of the Americans—they admire strength and have no respect for weakness. There is no reason to expect American support from American opinion for defence of essential British strategic and economic positions in the Middle East, Asia or Africa.

To most Britons there will seem logic and good sense in Churchill's plan. But it is still easy to excite prejudice in the United States against specific commitments overseas, and nothing would be more dangerous than to attempt to frame British foreign policy on a presumption of assured American backing.

The Times praises Churchill's reference to relations with Russia, and adds that nothing is to be gained by a policy of words unaccompanied by action, and still less by reliance on American support as a substitute for a balanced and carefully weighed British policy.

But Churchill was "less happy" in passages in which he appeared to contrast Western democracy and Communism, The Times says.

Charged With Giving Secret Information to Soviet

Three Canadian Government workers and a worker in the office of the British High Commissioner in Ottawa, have been charged with betraying Canada's secrets to the Soviet, and remanded in custody to reappear in court on March 11. Here Edward Wilfred Mazerall, a native of Fredericton, N.B., and a graduate of the University of New Brunswick, right, is being booked by Sergt. Knight in Ottawa, on charges of giving Capt. Lunan reports on radar.

Kathleen Mary Willsher, 40, who worked in the office of the U.K. High Commissioner in Ottawa, Ont.

Enforced Automobile Insurance Advocated

C. W. Morrow (Cln., North Okanagan) recommended in the Legislature yesterday that police magistrates, appointed by the Government but paid by the municipalities concerned, should be paid by the Government.

"Think what an uproar there would be," he said, "if our judges, appointed by the Federal Government, had to be paid by the Provincial Government. Our magistrates are honorable, but after all they are human, and it appears to me that at the outset individuals who come before the magistrates are under a disadvantage under our system.

"At the end of each year the magistrates point with pride to the number of fines that have been collected by the municipality affected, and can sometimes show that the police department has been operated at a profit.

"To me it is a bad system and one that could be corrected, thereby giving municipalities a measure of relief immediately."

Mr. Morrow also strongly urged compulsory automobile insurance for public liability, with a fee of $10 or $20 to be collected at the same time as licensing fees. An immediate fund of $2,000,000 would become available if the latter amount were collected, part of which could go into the consolidated revenue fund with the rest taking care of claims, with coverage up to $5,000 or $10,000.

Today in the Legislature

3 p.m.—Debate on Throne Speech continues. Speakers: Thomas King (Cln., Columbia); T. A. Love (Cln., Grand Forks - Greenwood); W. H. Brett (C.C.F., Prince Rupert) and L. H. Eyres (Cln., Chilliwack).

City Health Pamphlet States Water Open to Contamination

In a summary of the water situation in Victoria given in a pamphlet published by the city health department yesterday, the following main points on the subject of chlorination are listed:

1. While the number of persons entering the Victoria watershed is not great, the area is by no means closed to, and the water is open to, contamination.

2. Laboratory tests on water from the intake show the bacterial count to be considerably in excess of normal standards.

3. During the period chlorination has been carried out under the War Measures Emergency Act, tap water samples taken each week have been almost entirely free from coliform bacteria.

4. Closing of the watershed is not practicable.

5. Other methods of purification are costly. Tourists are accustomed to chlorinated water and expect this form of protection.

6. Cost of $7,000 a year is a reasonable expenditure to ensure safe water for residents of Greater Victoria and for tourists visiting the city.

7. Chlorination is the method used for purification in nearly 90 per cent of the cities on this continent and has no harmful effects on health of consumers.

"If any person crossing Victoria's watershed happened to be a sufferer from or carrier of typhoid, the chance of an epidemic in Victoria would be extremely high unless the water were chlorinated," the pamphlet states.

The foreword to the pamphlet states that opinions expressed are those of the Victoria health and engineering authorities and are endorsed by the provincial health officer.

"Chemical examination and tests for bacteria are carried out in the laboratories," the report states. "Since it is never possible to find actual disease germs, even in grossly polluted water, these tests are designed to show any degree of contamination of the water. The most useful test shows the number of

Barn Dancing Again Popular

TORONTO, March 6 (CP).—Barn dancing is taking on a new lease of life in halls and clubs in and around Toronto, a survey showed tonight. The younger set apparently would just as soon sashay their honeys and swing those pretty girls to the tune of the fiddler as cut a rug to the shriek of the juke-box.

But the old barn dance orchestra is having a few modern touches put on it. The caller remains the main actor, but the fiddle, piano, accordion, guitar and mouth-organ are bolstered at the new popular spots by saxophones and traps.

Public Sittings Open Monday

Public sittings of the Royal Commission to investigate provincial-municipal affairs in British Columbia will open in the Courthouse here on Monday and Tuesday, March 11 and 12. H. Carl Goldenberg, of Montreal, is sole commissioner.

During the sittings here, briefs will be presented on behalf of Victoria, Oak Bay, Saanich and Esquimalt. Other organizations or persons may also make representations to the commission on matters pertaining to provincial-municipal relations, Mr. Goldenberg stated.

Long-standing municipal proposals expected to be brought up at the hearings include obtaining a greater share of provincial taxation such as gasoline, liquor and pari-mutuel levies; revision of grants, and reduction of the burden of social service work undertaken by the municipalities.

At the conclusion of the hearings in Victoria the commission will move to Vancouver. Sittings will follow in Nanaimo, Prince Rupert, Prince George, Chilliwack and other centres in British Columbia.

BULLETINS

Man in Custody

KINGSTON, March 6 (CP).—It became known tonight that the R.C.M.P. have taken a well-known Kingston man into custody. There was immediate speculation that the man was taken into custody in connection with the inquiry into Russian espionage in Canada.

Air Service

VANCOUVER, March 6 (CP).—Trans-Canada Airlines will start regular air service between Vancouver and the Antipodes as soon as sufficient Montreal-built DC-4's are available, it was announced here tonight.

Reach Village

PADDLESWORTH, Kent, England, March 6 (CP).—This village of 42 persons was "liberated" today by German prisoners of war who shovelled through 10-foot snowdrifts to reach the hamlet, isolated since last Saturday.

Rule Out Motion

QUEBEC, March 6 (CP).—Hon. Alexandre Tache, Speaker of the Quebec Legislative Assembly, tonight ruled out of order a motion by Liberal Opposition Leader Adelard Godbout asking for a tabling of correspondence and orders in council respecting a contract granted Hollinger North Shore Exploration Company Limited for development of mining resources in New Quebec.

Coffee Was So Hot Sacramento Man Ends Up in Hospital

SACRAMENTO, Cal., March 6 (AP).—Because his coffee was hot, Frank Taylor, 49, wound up in emergency hospital for lacerations of his right ear and lower lip. Taylor's coffee was so hot he choked. His false teeth turned crosswise in his mouth and cut his lip. Unnerved, he fell off his chair, struck his head against the table and cut his ear.

Agreement Signed on British Loan

Amount, Terms From Canada Not Released

OTTAWA, March 6 (CP).—The Canadian and British Governments today signed an agreement on a new loan from the Dominion, it was announced by the Prime Minister's office.

However, the amount and terms of the loan—under negotiation here since last February 11—will not be made known until tomorrow when simultaneous announcements will be made here and in London.

The agreement was signed shortly before Finance Minister Ilsley and his chief assistants left by train for Savannah, Ga., to attend the conferences of the international monetary organizations set up under the Bretton Woods agreements.

There was no hint as to what the announcement would contain, but unofficial speculation has placed the amount between $1,000,000,000 and $1,250,000,000.

It was learned the agreement covered a new loan and was not connected with the interest-free loan Britain obtained from Canada in 1942. That loan amounted to $700,000,000 and the amount still outstanding is reported to be in the neighborhood of $500,000,000.

Major Threat To Coalition In Resolution

VANCOUVER, March 6 (CP).—First major threat to the life of the Coalition Government in British Columbia came tonight when the executive of Vancouver-Point Grey Liberal Association took under consideration a resolution urging the calling of a Liberal convention designed to sever connections with the Progressive Conservatives.

Coming while the riding awaited announcement of a by-election to fill the vacancy caused by the recent death of J. Alex Paton, the resolution, and subsequent discussion of it, was given added importance by political observers.

Although wording of the resolution, presented by P. J. O'Donohue, was not approved by the meeting, the proposal that a convention be called met with general support at the meeting. It was decided to forward copies of the resolution to the various locals of the association, pending further discussion at the next executive meeting.

Canadian Railways To Be Affected

TORONTO, March 6 (CP).—Canadian railways will be "definitely affected" if the country-wide strike of 300,000 railway engineers and trainmen is called for Monday in the United States, railway officials said today.

One result, they said, would be the tieing up of Canadian equipment—mainly freight cars—in the United States.

Coalition Member Wants Merger of P.U.C., Power Body

MacDonald States That B.C. Electric "Running" Public Utilities Commission

Charging that the "B.C. Electric is running the Public Utilities Commission," R. C. MacDonald (Coalition, Dewdney) maintained during Throne Speech debate in the Legislature yesterday that the time had come for the duties of that commission to be merged with those of the British Columbia Power Commission.

On the subject of the Government's power utility purchases, he asserted further that with the B.C. Electric allowed a monopoly in profitable areas he was afraid "this Government, instead of buying a milch-cow, has only acquired a tail."

Mr. MacDonald said he was amazed and disappointed at the lack of courage and initiative shown by the city fathers of Vancouver in rejecting the Government's proposition to acquire and control the transportation and distribution of light and power within their area.

While commending the Government on its policy of acquiring and extending hydro-electric development in rural areas, the Dewdney member expressed himself as absolutely opposed to the confiscation of any property before proper negotiation, no matter whose property was involved.

"I refer," he said, "to the valuable property known as the West Canadian Hydro-Electric Corporation Ltd. The commission took possession in July last, and up to now the 1,300 shareholders, 80 per cent of whom live in this Province, don't know what they may expect for their properties."

By this action, Mr. MacDonald declared, the shareholders were cut off from quarterly dividends on which many relied.

"Why the hurry?" he asked. "I notice there is no apparent hurry

French Cruiser Fired on Off Haiphong

ABOARD THE FRENCH CRUISER EMILE BERTIN OFF HAIPHONG, Indo China, March 6 (AP).—Coastal batteries fired on this flagship cruiser today when French warships carrying more than 20,000 French troops cruised off Haiphong harbor awaiting Chinese permission to land the forces in Northern Indo-China.

Shells from one coastal battery missed the flagship by more than a mile, but reports reaching the Emile Bertin said a landing craft also was fired upon and a French sailor was seriously wounded.

The warships brought troops intended to relieve the Chinese who have been garrisoning Northern Indo-China for months

Haiphong is the port of Hanoi, capital of Indo-China, and headquarters of the unrecognized Annamite Viet Nam Republic. The republic is demanding independence from French colonial control.

The French high commissarial announced Tuesday that an agreement had been reached on "essential points" with the Viet Nam Republic, which had been operating without interference from the Chinese north of the 16th parallel.

Chinese troops had occupied Northern Indo-China to accept the Japanese surrender north of the 16th parallel. An agreement for their withdrawal and replacement by the French was announced last week.

Unofficially, snags were reported to have occurred in the French negotiations with the Viet Nam Republic after the French announcement in Saigon Tuesday.

Londoners Will Elect Council

LONDON, March 6 (CP).—London's millions vote tomorrow for their own parliament—the London County Council of 124 councillors whose power extends over 117 square miles of the Empire metropolis.

Labor, with a majority of seats on the present council, which has existed since 1937 due to a wartime halt to local elections, hopes for a return with an enhanced majority.

The Labor Party, enthusiastic after its sweeping victory in Britain's general elections last July, hopes to capture majorities on more county councils elsewhere in England and Wales.

Terms to End Telephone Strike Threat Agreed On

NEW YORK, March 7 (Thursday) (AP).—Agreement of officials of the National Federation of Telephone Workers on terms for settlement of the threatened national telephone strike was reported authoritatively in Washington early today. The strike had been set for 6 a.m. E.S.T.

However, a Labor Department official said announcement of the terms of the agreement between the federation and the American Telephone and Telegraph Company was being delayed pending approval by member unions of the federation.

At Baltimore, however, telephone operators voted at a mass meeting to go on strike at once and ordered picketing immediately at city exchanges.

A Labor Department spokesman said the Washington conference might issue a statement later, thereby bolstering hopes that the strike called by the N.F.T.W. might be averted.

The federation asserted the walkout was "inevitable" and telegraphed its 250,000 members to "refrain from work" and set up picket lines.

As Federal conciliators called last-minute conferences in renewed efforts to halt the paralyzing walkout, the federation proclaimed the telephone industry "officially strike-bound" as of 6 a.m. tomorrow and said only a "miracle" could change the picture.

Heads of two big railroad operating brotherhoods, meanwhile, issued a strike call for 6 a.m. Monday which they claimed would cripple rail transportation from coast to coast and the City of Detroit appealed to President Truman to intervene in the 106-day-old General Motors strike.

A. F. Whitney, president of the Brotherhood of Railroad Trainmen, and Alvanley Johnston, head of the Brotherhood of Locomotive Engineers, said the country-wide strike, scheduled for 6 a.m. Monday in the various time zones, would require four days to become fully effective. Wage and rules changes are the points at issue.

The strike, which provides for operation only of troop, hospital and milk trains, divides American railroads into four groups. The strike would start Monday on the first group; Tuesday on the second; Wednesday on the third and Thursday on the fourth.

Former Nazi Chief of Staff Wants to Bring In Hitler's Reports on Dieppe

NUERNBERG, March 6 (AP).—Col.-Gen. Alfred Jodl, last chief-of-staff of the German Army, today asked the permission of the International Military Tribunal to introduce in his defence reports by Hitler's headquarters relative to the fettering of German prisoners captured by the Canadians in the Dieppe raid.

Because of the alleged fettering of the Germans, the German High Command ordered reprisals against Canadian prisoners of war under its control, Jodl's counsel told the court. The reports by Nazi Headquarters were said to be dated September 2 and October 7, 1945.

Jodl's counsel also asked for production of Gen. George Marshall's 1945 report to President Truman to disprove a charge that Jodl was a "warmonger."

"These notes by one of the Allies' most outstanding officers about the activity of the German High Command General Staff relieve Jodl of the reproach of having been a warmonger with far-reaching plans of conquest," Defence Counsel Franz Exner said in requesting that the Marshall report be furnished Jodl for his defence.

In addition, the defence demanded the right to present a Nazi Foreign Office compilation of Red Cross reports relative to breaches of international law by the Allied Powers as "cause for High Command reprisals"; and the Soviet official view of Partisan warfare in White Russia as evidence justifying "thorough counter measures."

Earlier, the tribunal, on written request from Hermann Goering's counsel, postponed the opening of the No. 1 defendant's defence from tomorrow until Friday.

Another defendant, Baldur von Schirach, former head of the Hitler Youth Movement, asserted in a written appeal for witnesses that they would prove he sought the Fuehrer's permission to be a peace envoy to the United States in 1940.

Mrs. Schirach was brought into the defence case by her husband as a heroine of their alleged attempt to soften Hitler's persecution of the Jews, which they said caused them to live afterward in dread of arrest or assassination.

Schirach quoted Hitler as saying in 1939 that "during the war, the fight against the Catholic Church rests; I will cause a suspension of this fight."

The defendant charged that Martin Bormann, Hitler's deputy, who is on trial in absentia, sabotaged this understanding with the church and influenced Hitler to go to the other extreme.

Schirach cited as proof that Hitler was not naturally hostile to religion an instance when the Fuehrer took Hoffman's 11-year-old son to a Roman Catholic cloister in his car and turned him over to the Mother Superior with these words: "Make a good man of him."

The Messel Medal of the British Society of Chemical Industry has been awarded to Dr. Wallace P. Cohoe, native of Norwich, Ont. A New York chemist, Dr. Cohoe is a past-president of the society.

Labor Council To Support Mail Carriers

Pointing out inequalities and injustice in the present system of mail delivery, a resolution from local letter carriers was endorsed by the meeting of the Victoria and District Trades and Labor Council held last night.

The council will protest to the Postmaster-General, Prime Minister Mackenzie King and Labor Minister Humphrey Mitchell, it was decided.

The resolution stated the increase in population, the conversion of many single-family homes into apartment and boarding houses, construction of many new houses and additional weight and number of publications carried added greatly to the mailmen's burden and necessitates working a 48-hour week when the Post Office Department has in effect a 44-hour week.

The dire need of a hospital for spastic and other paralysis victims was the subject of a resolution submitted to the council. A committee composed of George Wilkinson, Dr. Thomas, Percy Rayment, H. W. Rowland and William McLoughlin will interview the Government on the matter and press for immediate action. The Vancouver Trades and Labor Council will be asked to support the action of the local group.

Charles Chivers, in a report on a meeting with Hon. C. D. Howe, stated the present subsidy on slabwood made it more profitable to sell the wood in that form than cut it into laths. It is also more profitable to make brooms than laths, Mr. Chivers said. It was suggested that the subsidy be placed on laths in an attempt to increase the supply.

A report on the progress made by the recent labor lobby was presented by George Wilkinson, who served on the steering committee of the group.

CHIVERS REPORTS AS BOARD REPRESENTATIVE

Reporting as the labor representative to the advisory board of Selective Service, Mr. Chivers mentioned the unemployment figures for British Columbia and expressed anxiety over the increasing number of unemployed persons whose benefits under the Unemployment Insurance Act had expired. Interest on the fund could continue to pay unemployment benefits to all, Mr. Chivers contended.

Laws concerning the detention and trial of juveniles were brought to the attention of the council by a delegate from the Children's Aid Society. It was pointed out that in Victoria there was neither a juvenile detention home nor a juvenile court.

Assistance of the group was asked to reduce the number of employees holding two jobs.

G. M. Shrum, of the University of British Columbia, has accepted an invitation from the council to address the group on April 3 at 8:30 p.m., it was announced. Subject of his talk will be "Atomic Energy."

Unions were urged to support a proposed plan to inaugurate a series of educational radio programs.

U.S. Battleship Missouri Going to Turkey Carrying Body of Ambassador

WASHINGTON, March 6 (AP).—The 45,000-ton battleship Missouri, symbol of victory over Japan, was assigned today to visit Turkey and several Mediterranean ports. Its mission is one into which any who cares to do so can read political significance in the light of Russian moves in the Eastern Mediterranean. But the State Department said that "there are no political implications."

The mighty battleship, on which the Japanese signed their surrender, will leave New York March 21 to bear to Istanbul the body of Mehmet Munir Ertegun, Turkish Ambassador, who died at his post here in November, 1944. The mission is one for which precedent would dictate the use of a cruiser.

Returning from Istanbul, the Missouri, escorted by the destroyer Power, will call at the Greek port of Piraeus and the politically less critical ports of Alexandria, Naples and Tangier.

Some diplomatic authorities said that whether it was intended so or not the trip to Turkey and Greece unquestionably would have diplomatic meaning to the extent that it serves as a reminder of the sea power and military strength of the United States—strength which Secretary Byrnes said his Government would use to back up the principles of the United Nations Charter.

Russia several days ago renewed informally her old demand for a base in the Dodecanese Islands in the Eastern Mediterranean.

Churchill Speech Calls Forth Heated Debates in Washington

WASHINGTON, March 6 (AP). — Three Senators today called Winston Churchill's speech "shocking" while other Congressmen discussed it pro and con, sometimes heatedly.

Representative E. E. Cox (Democrat, Georgia) inserted it in the Congressional record with the remark that Russia seeks "to communize the whole world."

Mr. Churchill's blunt remarks at Fulton, Mo., yesterday about Russia and his appeal for close Anglo-American military collaboration evoked the main line of comment.

Senators Claude Pepper (Democrat, Florida), Harley Kilgore (Democrat, West Virginia) and Glen Taylor (Democrat, Idaho) issued a joint statement saying:

Mr. Churchill's proposal would cut the throat of the United Nations. It would destroy the unity of the "Big Three" without which the war could not have been won and without which the peace cannot be saved.

"It is shocking to see Mr. Churchill, who rose to power on the repudiation of Chamberlain, align himself with the old Chamberlain Tories who strengthened the Nazis as part of their anti-Soviet crusade."

They added that the speech should warn the American people against "those would-be political statesmen in our country who are the counterpart of the Chamberlain-Churchill Tory spokesmen of Great Britain and not let these American Tories lead us into another war."

The Senate itself was not in session but the House of Representatives provided a forum for other congressional speakers.

Chairman Andrew May of the House Military Committee said he thought the United States should take no position on any military alliances until Russia has been given a chance to state her aims through the United Nations.

Representative John McCormack (Dem., Mass.), issued a statement asserting that Russia "is going out of its way openly to attack religion in an effort to divide the religions of the Western World." He declared that Moscow "has been unwilling to date to co-operate for world peace" and added:

"Outside of the Soviet Union all the nations of the world have shown a strong desire to work for peace. It is up to Soviet Russia to co-operate or to be charged with responsibility for failure."

ROBS ALMS BOX

An unknown thief entered the Metropolitan Church, 907 Pandora Avenue, broke open a small alms box and removed one or two dollars, some time after 5:15 p.m. yesterday, police were told by the caretaker.

No Like Whiskers, Tickle Too Much

BAKER LAKE, N.W.T., March 6 (CP).—The navy beat the army in Exercise Muskox beard-growing contest. The champion is Lieut. P. F. Croal, of Port Arthur, who beat out Lieut.-Col. G. W. Rowley, of Ottawa, commander of the advance force which prepared the air strip at Baker Lake.

Beauty and length were the winning qualifications. The judge was Mrs. King-Id-Uack, an Eskimo housewife of the trading-post settlement.

She liked the soft quality of Lieut. Croal's beard, but explained: "I don't like beards. They tickle."

to acquire the B.C. Electric's properties."

The Premier, he continued, had said he hesitated to invade the field of municipal responsibility. "I say that in buying other properties that field has already been invaded—in Duncan, in Nanaimo and Vernon.

"I don't think it is right to dispossess the little fellow because he is easy to subdue and allow the big, strong financial corporations to dominate at will," Mr. MacDonald declared.

As far as the public interest was concerned, the Public Utilities Commission had not functioned very actively for the last four or five years, Mr. MacDonald asserted. "If an applicant for service requiring pole-line extension was turned down by the B.C. Electric, he appealed to the commission. The commission in turn notified the B.C. Electric and asked for a report.

"If the company says 'No,' that ends the matter," the speaker said. "I'm inclined to think the B.C. Electric is running the commission. I think it is the duty of the commission to investigate on its own account. Why ask the B.C. Electric?"

He termed "bureaucratic" the spreading of the Utilities Commission into the field of motor carriers—a field from which it should be removed so far as public necessity was concerned.

Mr. MacDonald also spoke at some length on housing, giving the opinion that private enterprise was building as many houses as it could and as fast as it could with the materials and skilled labor available.

New Truman Aide

Former United States Treasury Department official, Randolph Paul, above, has been appointed by President Truman as a special $10,000-a-year presidential assistant. The White House said the new appointee would conduct special negotiations for the State Department with European nations that were neutral during the war.

Employment Head Wins Promotion

offices in the Pacific region, operating from the regional office in Vancouver.

Date of his appointment is the 25th anniversary of the day he entered employment work. On April 1, 1921, he was appointed to the Provincial Department of Labor, and a year later transferred to the Employment Service of Canada, a joint Dominion-Provincial body. He was appointed to the Unemployment Insurance Commission in August, 1941, as supervisor of the employment branch in Victoria.

Mr. Stone has a long record of Canadian Legion service. He has held continuous executive office ever since 1919, when he joined the old Great War Veterans, later to become the Legion. He has held almost every executive office, including the zone presidency, presidency of Britannia Branch, and honorary treasurership of the Provincial Command. He has been an executive member of the Provincial Command in various capacities for 20 years.

He is a charter member and was one of the principal organizers of Britannia Branch.

He was an active athlete in his youth, and held many track championships. He was the organizer and at one time president of the Veterans' Football Club. He also founded the Ex-Servicemen's Billiard League and was a member of the committee which inaugurated the Good Friday Road Race in 1920.

A resident of Victoria continuously since 1912 except for the Great War years, he held a commission during the World War in the Veterans' Guard of Canada reserve.

Wife of Man in Soviet Espionage Case Shocked at Condition After Detention

OTTAWA, March 6 (CP).—The wife of a man being detained in connection with the Royal Commission inquiry into Soviet espionage tonight issued a written statement protesting the manner in which she said he was being treated.

Permitted to see her husband last Monday, she said she was "shocked" at his loss of weight, his shaking hands and "pale and haggard" face after 18 days of detention.

She said "parts of statements" made by the commission in its interim report and by Assistant Commissioner Royal Gagnon of the R.C.M.P. "do not correspond with the facts as I know them." She quoted parts of letters received from her husband to support her view.

One letter said he had been questioned three times—February 16, 19 and 25—and once "expressed doubt" he "should continue to co-operate" as a protest against what he considered "irregular proceedings."

The statement quoted an earlier letter, received February 26, as saying "as far as I know no charge has been placed against me. . . but I don't know. . . I have tried to co-operate in every way in spite of being given only a nebulous idea of the problem."

The statement concluded with a demand that she be permitted to see her husband immediately "so that I may give him the little comfort which he so sorely needs at this time" and that he be allowed to have legal counsel.

Her statement said in part:

"I quote from a letter written on February 28 from my husband.

"'I have repeatedly asked for the order in council, the last time on Monday last, but have been refused. I have repeatedly complained about not seeing newspapers that everyone else in Canada can see, but have been refused. I was told the others were not getting them and in any case there was very little about the case.' I was then told a few things that had been published, apparently what they saw fit to tell me.

"'I was told something about a Russian statement on the case. I was told that counsel for the Royal Commission had reported on Saturday and that on the basis of their report Mr. King had issued a statement saying that it was more than ever evident that proceedings should be secret.

"'I lodged a formal protest against what I considered irregular proceedings and expressed doubt whether I should continue to co-operate under the circumstances. I was told that it ill behooved me to criticize the commission on which sat two justices of the Supreme Court of Canada. That was news to me and I said so. But even so I said, and with all due respect to the eminent judges, on the basis of the little I knew, they could still be wrong. . .'"

Rain Forms Miniature Lake at Panama Flats

—Colonist Photo.

EFFECTS of heavy rain in Saanich are shown in the above photograph of a small portion of Panama Flats between Interurban and Carey Roads, Marigold district. At the right is the modern dairy farm of John Edge. Every year rain inundates the fertile soil of the flats, and cultivation is not possible until late Spring or early Summer. Depth of water and area of the miniature lake are greater this year than they have been for a long time. Frosty weather generally provides safe skating on the flats.

Second Thoughts On U.S. Address

LONDON, March 7 (Thursday) (Reuters).—Second thoughts on Winston Churchill's speech in the United States on Tuesday produced these highlights in the British press today:

Might not a meeting of President Truman, Prime Minister Attlee and Generalissimo Stalin settle many differences now.—Conservative Daily Telegraph.

Communist sympathizers within the British Labor party are planning a showdown with Foreign Secretary Bevin by launching "an all-out defensive-offensive campaign" against his policy. — Conservative Daily Mail's political correspondent.

Many Labor members of Parliament are demanding that the Government should repudiate the speech "in view of the almost official nature of the occasion on which he spoke."—Communist Daily Worker.

Contents of the speech were neither known to nor influenced by the Government.—Labor (Government) organ Daily Herald.

The situation "demands the adoption of a well-considered and well-balanced foreign policy, economic as well as political."—Influential Times.

Are You a Sufferer From Rheumatic Pains?

These pains come from an inflammation in the muscles and are generally caused by a deposit of poison in the blood called uric acid which produces the irritating and painful effect that causes many days and nights heavy with pain.
During the past 60 years Canadian people have found that by purifying the blood stream, Burdock Blood Bitters aids them to enjoy freer body movement with less rheumatic pain, as B. B. B. helps to tone up the system and clear up the uric acid in the blood, and probably help fortify the system against future attacks.

Liquor Question Before House as Member Demands Change of Policy

In eight days of debate on the Throne Speech in the Legislature, speakers on both sides of the House steered clear of the contentious subject of liquor.

It remained for a new Coalition member, C. W. Morrow (North Okanagan), with some obvious trepidation, to force it out into the open yesterday.

"I urge the Legislature to take this whole question in hand and do something to improve the conditions we know exist in the province," he said. "Every day we hear of something that makes your hair curl, and many deaths can be traced directly to its abuse.

"Let us refuse to tolerate such a condition any longer. We have nothing to be ashamed of in bringing the whole matter into the open. The problem can be solved like any other."

This followed a remark by the North Okanagan member that he wanted to say "something about the Government policy—or perhaps I should say lack of policy—with regard to alcohol."

Analyzing the Liquor Control Board report, he pointed to consumption of $40,000,000 worth of "the stuff" in 1945, equivalent to $55 a head for every man, woman and child in the province.

"Does that sound like moderation and control?" he demanded, reminding the House of the 1923 Government plebiscite campaign promise of a "system of moderation and control with the stuff done up in sealed packages."

Consumption of $40,000,000 worth in 1945 had been managed despite a very severe form of rationing, he observed, asking: "Can you imagine what the score would have been without rationing at all?"

Mr. Morrow said he did not suggest either that there should be prohibition or that the ration should be increased, but that a committee should be formed to put the whole thing on a proper basis, "and produce something the people can be proud of."

Air Force Veterans To Meet on Friday

Meeting of all airmen interested in forming an air force branch of the Canadian Legion will be held at Britannia Branch at 8 p.m. on Friday.

The purpose of the meeting will be to form a working executive which will study all problems and be conversant with steps necessary for organization. Plans will be presented at a later general meeting to be held on or about March 22.

Prospective members said yesterday that the branch would operate in close co-operation with other progressive and public-spirited bodies and with other Legion branches in Victoria, who are lending their support in organizing the air force veterans.

KNOCKED TO STREET

Vernon Smith, 3088 Admirals Road, told police last night that at 5 p.m. a truck collided with his bicycle at Caledonia Avenue and Douglas Street knocking him to the roadway and causing him to suffer shock and bruises.

Yesterday in The House

R. C. MacDonald (Cln., Dewdney) in the continued Throne Speech debate said the Public Utilities Commission should be merged with the British Columbia Power Commission and criticized the Government for its failure to purchase the B.C. Electric Railway Company. While commending the Government on its policy of acquiring and extending hydro-electric development in rural areas, he was opposed to confiscation of any property before "proper" negotiation.

Charles W. Morrow (Cln., North Okanagan) pleaded for "millions of dollars" to fight cancer. He proposed that the Government initiate the deposit system in elections to keep candidates down to a "reasonable number." He urged an inquiry into the Liquor Act after stating British Columbia spent $40,000,000 on liquor in 1945—equal to $55 worth of liquor for every resident.

John McInnis (C.C.F., Prince George) urged equal pay for men and women doing the same work in industry. Said the Provincial Government should ask Dominion authorities to stop export of pulpwood to the United States and complimented last week's labor lobby on the fact labor throughout British Columbia had combined to present a united front although delegates belonged to different organizations.

samples of water containing bacteria of the type normally left by humans and animals."

According to the report 48 per cent of the samples taken from Japan Gulch Reservoir and from Humpback Reservoir showed the presence of coliform bacteria, while only .002 per cent of chlorinated tap water tested positive for the bacteria.

"The finding of the intestinal type of bacteria in high percentages indicates the possibility of contamination by human waste and the water cannot be considered safe for drinking purposes," the report states.

Jury Names Vancouver Youth Killer of Farmer in Interior

KAMLOOPS, March 6 (CP). — A coroner's jury here today named a 17-year-old Vancouver boy, a welfare case, as the killer of Gordon Burns, 44, trapper and farmer of Valemount, B.C., 200 miles northeast of Kamloops.

The jury found Burns was fatally wounded on his farm, March 1, by bullets from a .33 calibre rifle. The boy was taken into custody by police last Saturday after a search of bushland near the Burns home.

The boy, who had been sent to the Burns farm in January by the Provincial Welfare Bureau, has been held for questioning in connection with the death.

Police said the fatal shot was fired from a window in the farmhouse as Mr. and Mrs. Burns returned from working in the barn. Mrs. Burns was grazed by one of four more bullets fired at the couple.

A. S. McAndrew, 74, a trapper, and Constable G. D. Ball, of the British Columbia Provincial Police, testified the boy told them he shot Burns and fired several bullets at Mrs. Burns because he was resentful about criticism from them earlier in the day.

Funeral services will be held tomorrow for Mr. Burns, a veteran of both the Great War and the World War.

He served overseas in the Great War and was known as the "youngest soldier in the Canadian Army." He enlisted early in the last war, but was discharged for medical reasons 1 August, 1942.

He took up residence at Valemont in 1943 and operated a bush-ranch, raising chickens chiefly. He was associated with McAndrew in trapping.

Mr. Burns was born at Toronto, where a brother, Robert, and a sister, Mrs. A. Dixon, now reside.

Details of the shooting were told to Coroner J. S. Burris by Mrs. Burns.

She said that her husband was standing outside the building they called "the garage," his back toward the house, waiting for her to finish her chores a few feet away, when a shot rang out, and he toppled to the ground.

He did not speak or move afterwards. She knelt beside him and tried vainly to stop the hemorrhage.

Then a bullet whistled over her back. Realizing that she, also, was a target and that she could do nothing for her husband, she began running to a neighbor's, a mile away.

Another bullet caused her to change direction, and then another passed between her side and her arm, grazing the underside of her right elbow. A fourth shot missed her and eventually she gained protection from the rifleman.

Only person in the house, or on the farm at that time to her knowledge, was the Vancouver lad, to whom the family had given a home last January 29.

Victorian Gives U.B.C. $25,000

Bequest of $25,000 has been made to the University of British Columbia under the terms of the will of the late Thomas Holmes Johnson of Victoria, it was announced yesterday by Dr. N. A. M. MacKenzie, university president.

Under the provisions of the will this sum is to be set aside as an endowment fund for the provision of bursaries for deserving students.

Mr. Johnson passed away on July 20, 1945. Before settling in Victoria in 1935, he was a resident for 22 years of Prince Rupert.

He is survived by his widow, Mrs. Edith A. Johnson, of Victoria.

Mr. Johnson was born in England and in 1913 came out to Prince Rupert, where he was manager of the Canadian Fish and Cold Storage Company. In 1936 he retired and came to Victoria to live.

He served on the Wartime Prices and Trade Board for two years on a voluntary basis as his contribution to Canada's war effort.

"We had no children of our own," Mrs. Johnson said yesterday. "But Mr. Johnson was always intensely interested in young people and felt that this was one way he could help them."

Disturbs Youths Pilfering Car

G. Stevens, attached to the pay office at H.M.C.S. Dockyard, reported to police that he disturbed two youths in the act of pilfering his car at Yates Street near Fernwood Road at 8.15 p.m. yesterday. He had just left a house when he noticed the two youths who fled at his approach he said. Nothing was stolen the report stated.

Palestine Camp Suffers Raid By Terrorists

JERUSALEM, March 6 (Reuters). Fourteen Jewish terrorists, dressed in British uniforms, with the flash of the 6th Airborne Division, today raided the biggest British garrison camp in Palestine and seized a quantity of ammunition—only a few hours after the Anglo-American Commission on Palestine had arrived in Jerusalem from Cairo.

An official statement said raiders entered Sarafand Camp in a three-ton truck, overpowered the sentry on duty at the arms dump and loaded a quantity of ammunition before the alarm was raised.

They withdrew under fire, a stray bullet fired during the battle penetrating a hut and seriously wounding a British woman welfare worker. A Jewish constable also was wounded and the attackers blew up an ammunition tent. Later, three men and a woman were arrested.

A heavily-guarded train brought the Anglo-American Commission from Cairo, where it had heard evidence from the Arab side.

PLAN SPRING DANCE

The monthly business meeting of the Junior Auxiliary to the B.C. Protestant Orphanage was held Tuesday evening at the Memorial Hall, with the president, Miss Elizabeth Mackie, in the chair.

Further arrangements were made for the annual dance of "Spring Date," which will be held at the Crystal Garden, April 4.

Miss Audrey Cridge is in charge of obtaining seeds and plants for the children's gardens. Miss Elizabeth Mackie will visit the home this month to take up the birthday presents.

The social meeting will be held at the home of Miss Phyllis Mugford, 531 Monterey Avenue, on March 19.

GRAVESEND, England (CP). — Hearing screams from her three-month-old son, Michael, Mrs. Joy Baker ran into the back garden to find a large cat on his pram clawing at his face. The baby was given an injection for tetanus.

Room Shortage Halts Theatre Parley Here

Pacific Coast independent theatre owners may be forced to cancel their planned conference in Victoria because of lack of hotel accomodation, J. M. Hone, Seattle, executive secretary and chairman of the board of directors of Independent Theatre Owners of Washington, Northern Idaho and Alaska, said at the Empress Hotel yesterday.

He came here to make arrangements for the conference, which would have brought to Victoria independent theatre owners from most of the Pacific Coast states. However, he found the room shortage was too serious.

Pacific Air Service

It makes extremely strange reading to learn that Canada is standing out of a joint Empire air service in the Pacific, one in which Great Britain, New Zealand and Australia are prepared to go ahead now. Canada's excuse for not taking part at the Wellington, N.Z., conference was that this land is engaged in the Atlantic air service, and must establish that before attempting any other. Why that prevented this Dominion from being a party to the Empire plan we cannot understand. They are complementary.

Shortly, air bases will be sought on this side of the Pacific for the joint service by three nations of the Empire. Those bases will most likely be sought in Canada, in spite of the longer distance involved in that route. It is unthinkable that Canada would refuse such a footing, and we are certain that there will be no such refusal in fact. Why, then, could we not have gone the rest of the way? Why did Canada not join in the pioneering, development and building up of the new and needed British Pacific air service?

Already we are beginning to find that the "monopoly of aviation" policy, domestic and afield, is limiting what Canada can do in the air. That is a pity. We need it all.

Two Ideologies

Sergeant Werner Schwalb, a former member of the Afrika Korps of Germany, was sentenced this week at Medicine Hat to be hanged for the murder of a fellow German prisoner, August Plaszek, while both were prisoners of war in Canada. Other men are on trial on similar charges, but the conviction and sentencing of Schwalb has now been recorded. Over and above the immediate facts in the case, here is a straight contrast in ideologies. In Nazi Germany, Schwalb would have been honored for his feat, the killing of a man who dared to stand against the Nazi cause. In this land, and in any British land, he who takes the law into his own hands pays for it—in this case with his life.

This country has no personal grudge against Schwalb. The fact that he is a prisoner of war has least to do with it of all. In that guise he was entitled to, and received, every consideration dictated by international convention, by a land that abides by those rules. But that did not content this man. He found in camp with him one with whom he disagreed over the Nazi tenets and aims. So he sought his death. It is for that, for the slaying of another, that Schwalb today faces the gallows, and no doubt will end his time on earth there in June, 1946.

In this land, not only is murder a crime punishable with death, but also the right of all individuals to think what they please is conceded. Canada does not put men to death because of what they think, but only for a proved and wholly substantiated breach of that law which is every man's protection, the sanctity of life itself. In Sergeant Schwalb the world is looking at part of the problem of re-educating Nazi Germany, where human rights have been mislaid, and one day will have to be revived.

Headache for League

Power politics has not lessened in the world. Indeed, it seems to have take a fast grip of nations, large and small. Russia, one instance of the case, is by no means alone in the matter; but the example that Russia is setting today is making it extremely difficult for the new-born United Nations to establish itself in the world. Of what use are all the protestations in the world if they are not lived up to? That is the question asked by The Globe and Mail, of Toronto, in a straightforward analysis of the current situation on Monday. Said our Toronto contemporary, in part:

"There will be, the news despatches say, an official British protest, and possibly a United States protest, to Moscow over the Soviet's decision to keep its troops in Iran. What these could be expected to achieve is hard to imagine since it is now amply clear that the Soviet Government has abandoned the old diplomatic processes. From its conduct it is evident that where force or pressure can be applied, codes of procedure have no influence on the dealings of Governments, except to the extent which they may be exploited, temporarily, to establish an advantage.

"Thus, and maybap intentionally, the Russians have thrust a new problem on the peacemakers, and especially their colleagues on the Security Council. What is to be done with the Power which, professing co-operation in the development of international procedures, flagrantly violates treaties and agreements as it chooses, when it chooses? What meaning can any agreement have under these circumstances, especially while that Power holds the right to veto any retaliatory of corrective action against itself?

"The decision of the Soviet to retain an army in Iran, if not surprising, is a brazen extension of the power policy which it has employed throughout Eastern Europe and into Asia. It has to be faced not as a precedent but as the methodical consolidation of a pattern. Indeed, the Iranian episode is accentuated by the similarity of the Soviet Government's chosen course in Manchuria. The background of each is worth redrawing:

"August 8, 1945, the Soviet went to war against Japan. The Red Army poured into Manchuria virtually unopposed, and did not halt until it had taken possession of the whole 500,000 square miles of that territory. Six days later the Russians and Chinese signed a treaty of alliance at Chungking, by which the Soviet obtained some commercial concessions in Manchuria. A tentative date for withdrawal of the Russian troops was fixed, but it and a subsequent deadline were postponed, according to the Moscow radio, at the request of the Chungking Government. February 1 was the last withdrawal date settled on. This the Soviet, without the consent of its Allies, set aside while it plunders Manchurian industry.

"The Russians, British and Americans entered Iran in 1941 to open a supply road from the Persian Gulf to hard-pressed Soviet armies. The Big Three then agreed to respect Iran's sovereignty and to quit that country by March 2, 1946. The British-Soviet-Iranian treaty of January 29, 1942, provided for withdrawal of all Allied troops six months after the defeat of Germany and her allies. Last September, the war being over, the British proposed that all troops be withdrawn by mid-December. The Soviet refused and rejected a later suggestion of United States Secretary of State Byrnes for the withdrawal of all troops by January 1.

"The American troops were pulled out during January. The last detachments of British forces left last week in advance of Saturday, the original deadline to which Russia had sternly adhered. But on Friday the Moscow radio reported that the Soviet withdrawal, while beginning on schedule, would not be complete. The Red Army would leave only those districts 'where the situation is considerably quieter.' The broadcast added: 'As for Soviet troops in other areas of Iran, these will remain until the situation has been elucidated.'

"In the circumstances, that word 'elucidate' has the flavor of a taunt. There is, indeed, need for elucidation."

Positions in Trust

Congratulations to Reeve A. G. Lambrick, of the Municipality of Saanich, who has refused to endorse action which would have placed him in receipt of an increased honorarium for the duties and responsibilities of the reeveship. Reeve Lambrick has given an example to the Twentieth Parliament of Canada, which did not hesitate to vote itself more out of the public chest, and to mark that addition tax-free.

Reeve Lambrick's action is the more outstanding because he believes that the reeveship of that municipality is inadequately compensated now. He rested his decision on an important element: the people had not been consulted and had not therefore agreed to an increased emolument for the position. Rather than hurting Reeve Lambrick, that stand will win him innumerable friends in the year to come. It is a straightforward, manly stand, and one that is very badly needed in positions of public trust.

Had the Senate and House of Commons at Ottawa taken the same position, their status in the eyes of the people would be different than it is today. These are not the days for public servants to vote themselves more under any set of excuses, however plausible. To find even one man who will stand up and say "no" redeems public service in the eyes of the people, and provides a shining example to all those who occupy positions of trust. We would like to congratulate Saanich also, on training a man for office whose principles stand up under test.

Seen in Passing

The bequest of $25,000 to the University of British Columbia from the estate of the late Thomas Holmes Johnson is a very handsome gesture by a man who was beloved by all who knew him here. An active and popular member of the Rotary Club, Mr. Johnson by his kindly gift will bolster the bursary fund at the University in a manner that will carry forward not only his intention but also the lovable memory of one who left the world a better place in which he found it, through his own actions.

It is a tribute to Mr. Churchill that no one has suggested his plan for combining British and American plans for defence of their possessions was inspired by any desire whatever for the return of war. Advocates and opponents of Mr. Churchill's view alike agree that here is a man who knows war, with all of its attendant evils. He should. He was at the helm in the World War and held important posts in the British Cabinet in the Great War, besides a term of leading his regiment in the field.

Sonnet

When to the sessions of sweet silent thought
I summon up remembrance of things past,
I sigh the lack of many a thing I sought,
And with old woes new wail my dear time's waste.
Then can I drown an eye, unused to flow,
For precious friends hid in death's dateless night,
And weep afresh love's long since cancelled woe,
And moan the expense of many a vanish'd sight.
Then can I grieve at grievances foregone,
And heavily from woe to woe tell o'er
The sad account of fore-bemoaned moan,
Which I new pay as if not paid before:
But if the while I think on thee, dear friend,
All losses are restored and sorrows end.

THE "MYSTERY" OF SOVIET POLICY

In Senator Vandenberg's speech he asked, "What is Russia up to?" He asserted, "Russia is a mystery." But what the Soviet Union is up to has been increasingly clear ever since the Yalta Conference. It is up to realizing, as far as possible, its aims since the 1918 revolution: the undermining or overthrow of every other social order and unification of the world under the Red Star.

During the war we had many reasons for believing that Stalin, for the sake of enduring friendly relations between the Great Powers had either abandoned that aim or was prepared to leave its fulfillment to history without active assistance of the U.S.S.R. After the attack on Russia Stalin declared his allegiance to the Atlantic Charter. The Third International was formally dissolved and Communist parties everywhere readjusted their previous line. Mr. Litvinov, in a speech in New York, envisioned a postwar reconciliation between the Communist and capitalist worlds through mutual modifications of program.

Hopes were encouraged that the 1937 constitution would be put into real practice in Russia and the Russian peoples extended as a reward for their unexampled sacrifices, the civil liberties which were the fruit of the western eighteenth century revolutions. Most prognosticators anticipated a general postwar turn to the left, with forms and degrees of Socialism compatible with the circumstances and majority opinion of the various countries.

Whatever suspicions the Soviets might previously have entertained were removed, we thought, by the demonstrations of utter fidelity with which Great Britain and the United States observed the coalition.

These, among many other things, included the immediate British rejection of the Hess mission, offering to guarantee the British Empire in return for benevolent neutrality toward a war against Russia—a reversal of the up to then Russian role; they included shipments of lend-lease with absolutely no strings attached, amounting to nine billion dollars or a quarter of the Soviet war budget. They included unreciprocated visits of British and American statesmen to Soviet or Soviet-occupied territory, each attended by serious wartime dangers, the last made when the Soviets were aware of President Roosevelt's precarious state of health. They included yielding on the matter of territorial gains made by Stalin during his pact with Hitler. And they included official silence on a great number of worrisome difficulties in relations.

All questions of prestige were laid aside in an effort to dispel Soviet "distrust." However sinister the Munich pact may have seemed to Russia, it was certainly more than cancelled by the Russo-German pact, which gave the green light to Hitler for the war against the west, made the Soviets for nearly two war years Hitler's silent partners and turned Communists in all countries fighting Hitler into defeatists and saboteurs.

But by the late Winter of 1944, when it was apparent that the German armies could not long resist, Soviet policy changed, and, after Yalta, obviously. No one not politically deaf, dumb and blind, or utterly ignorant of Soviet and Comintern history, could deny the evidence.

Soviet policy, proceeding without effective opposition, was to capture and integrate into its own economic and power complex Eastern Europe from the Baltic to the Adriatic, either by annexation, Quisling governments, or popular front governments without effective guarantees for the equal participation of non-Communist parties.

Soviet policy was to enter the Far Eastern war at the last moment and play for a dominant position in the Far East.

Soviet policy was to disintegrate Western Europe, beginning with Germany, in order to lay it open to revolutionary conquest when the German and European standard of living should have fallen to a sub-Balkan level.

Soviet policy was to divide the United States from Great Britain by reviving the slogan of the Russo-German pact, of the war for imperialism, work for the collapse of the European Far Eastern empires and fall heir to their disintegrating parts.

Soviet policy was to put Russia in such a position in Iran and Turkey as to bring pressures on the Middle East to which weak governments would yield without any premature Soviet act or open aggression.

Comintern policy was to support such revision of the French constitution as would give France the weakest possible government.

Comintern policy was to agitate for the withdrawal of American and British troops from Europe and Asia.

Comintern policy was to fan every social disorder in non-Communist countries with a view to producing internal chaos.

In short, Soviet and Comintern policy is revealed to be realization of Hitler's power aim and by all of Hitler's methods short of war: to dominate the Eastern hemisphere, divide Great Britain, the United States and France, and undermine their societies from within. And every British and American agreement contributed to its accomplishment.

There is no longer in my mind any mystery about Soviet policy. The mystery is how, step by step, American and British leadership should have made decisions or interim concessions, the probable results of which should have been obvious to any logical mind.

"LEFT" HOOK

British Aid to Egypt Was Forthcoming

LONDON, March 6.—Immediate interest in Egypt is focussed on the twenty-year Anglo-Egyptian treaty of 1936 which, by agreement of the two countries, can be revised ten years after ratification. This treaty terminated Great Britain's military occupation of Egypt, though the special British interest in the defense of the Suez Canal Zone was recognized. By the treaty, Britain enjoys certain privileges, and undertakes certain obligations of a mainly military nature in Egypt and the Sudan. Without these special military privileges in this critical strategic area, Britain and the United Nations would probably have lost the war. For Egypt was the keystone of British strategy. If Wavell's Army of the Nile, or Montgomery's Eighth Army had lost the battles of the desert in Libya and Egypt, the Axis forces could have crossed the Suez Canal, seized Palestine and Iran, and outflanked Russia in the South. They might also have turned westward to Dakar, facing the lightly defended Brazilian bulge. If such events had occurred, it would have been practically impossible to stop the Japanese from driving west across India to join hands with the Germans across the "land mass." The geopoliticians' dream would have come true.

It was to thwart this, and to carry out her obligations to defend Egypt, that Great Britain, in June 1940, sent roughly half of her armoured forces to Egypt. That was six weeks after Dunkirk, when Britain, almost stripped of arms, was threatened with invasion herself.

But the war is over, Egypt is no longer in danger, and the United Kingdom Government has agreed not to wait until the treaty expires, but to discuss now with the Egyptian Government its termination or possible replacement with a treaty more suitable to Egyptian national aspirations. Unfortunately this undertaking has not allayed the impatience of the young Egyptian nationalists who have resorted to riots and bloodshed in demonstrating their demand for the immediate withdrawal of British forces. Despite these outbursts the United Kingdom representatives intend to proceed with their discussions with the Egyptian Government.

It was not until the 19th century that Britain became a dominating influence in Egypt. Since the building of the Suez Canal in the sixties, a kind of British "Monroe Doctrine" has been held that no foreign country should control Egypt, and thus be in a position to prevent normal access to the canal, hamper normal trade routes to the East, and hinder the transport of troops and supplies in time of military need.

Beginning in 1882, Great Britain enjoyed a special position in Egypt, after British troops were sent to aid in the suppression of an Arab revolt against the Khedive, who ruled the country as a part of the Ottoman Empire. This status of protecting power was formally recognised by the countries of Europe, with the Khedival decree of January 1, 1905. Great Britain's relations with the Sudan had been laid down by a convention in 1899 which, following Kitchener's campaign of 1896-1898, affirmed Great Britain's right "to share in the settlement of the administration and development of the Sudan." Thus Sudan became an Anglo-Egyptian Condominium.

With Turkey's entrance into the Great War her rule over Egypt came to an end, the Khedive was deposed, his brother Hussein was declared Sultan, and Great Britain assumed the responsibility of defending Egypt. A British protectorate over Egypt was declared on December 18, 1914, and was diplomatically recognized.

After the war ended, negotiations began on the future status of the country. In February, 1922, temporary agreement was reached, the protectorate was ended, and Egypt was declared independent. Britain was to continue to defend Egypt and to protect foreign interests and minorities in Egypt and the Sudan. The Sultan became King, a committee was set up to draft a constitution, and the first general election was held in 1924.

During the ensuing years, the nationalist feeling was strong in its demand for complete independence. Further impetus to a new agreement came with the Italian invasion of Abyssinia in 1935, and the growing fear of war in Europe. The Anglo-Egyptian Treaty of 1936 was therefore concluded. Great Britain made concessions in Sudan, certain legal privileges enjoyed by foreign powers in Egypt were abolished, and restrictions on the size of the Egyptian Army were removed. British troops in Egypt in time of peace were limited to 10,000 men plus 400 pilots in the R.A.F.; defence of the Suez Canal was reserved to Great Britain until Egypt should be able to undertake the defence herself; and in time of war the Egyptian King was to furnish to Great Britain on Egyptian territory "all the facilities and assistance in his power, including the use of ports, aerodromes, and means of communication."

In support of their demand for revision of the treaty, the Egyptians point out that from 1939 to 1945 their own troops saw to the protection of the Suez Canal, mine-spotting, anti-sabotage watch, coast-guarding, as well as playing an important part in the anti-aircraft defense of Alexandria harbor and other vulnerable targets. They are thus calling for the withdrawal of British troops, the substitution of Egyptian troops in areas vital to defence, and the end of the Sudan Condominium. King Farouk opened the Egyptian Parliament in November, 1945, with a speech expressing his country's resolution to end all restrictions to her independence, at the same time asserting that both countries are "sincerely determined to co-operate" and develop relations on a basis of equality.

Despite the violence of the demonstrations in Cairo, the British Government is confident that the outcome will be a new arrangement that will meet the requirements of the United Nations, of Egyptian national feeling, and of military security for Britain's communications with the East.—United Kingdom Information Bureau.

Would Investigate Elk Water System

Cost of operation and cost of taking over the Elk Lake water system, which serves Patricia Bay, would have to be investigated before the city council would consider taking it over, Alderman J. A. Worthington, chairman of the water board, said yesterday.

He agreed that it was a "wonderful plant" and would be of great benefit to Greater Victoria, but pointed out that no official offer had come either from the R.C.A.F. or other Government sources.

Alderman Worthington also stated he was getting in touch with air force authorities to see if there was any basis for reports that the Government might be willing to turn the system over to Victoria.

Wind Velocity Here 46 Miles Per Hour

A peak velocity of 46 miles per hour was attained by a fresh south-westerly gale which struck Victoria on Tuesday night. Starting around 7 p.m., the wind rose to a maximum between 9 and 10 p.m., then subsided to a light breeze at midnight.

No serious damage was reported.

Firemen were called to extinguish a blaze at Ogden Point near the grain elevators at 8:30 p.m., Tuesday, which had been built during the day to destroy old railway ties. High winds fanned hot embers into flames.

W. Somerset Maugham wrote in the book "Cakes and Ale": "I have noticed that when someone asks for you on the telephone, and finding you out leaves a message begging you to call him up the moment you come in, and it is important, the matter is often more important to him than to you. When it comes to making you a present or doing you a favor, most people are able to hold their impatience within reasonable bounds" . . . I think it is time to revive the hardy annual and petition the Minister of National Revenue at Ottawa to apply compulsory savings to reduction of income taxes. Failing that, the minister should announce when compulsory savings will be returned to the tax-burdened public . . . An article in The Journal of the American Dental Association claims discomfort in drilling teeth is due to the heat generated which often reaches 400 degrees Fahrenheit . . . "I cannot find my scissors," the boss complained to Bill, the Broad Street barber. "The best way to find an article is to look for it when you do not want it. Then it is sure to be in the place where it would not be if you did not want it," Bill commented . . . At Los Angeles General Hospital dishwashers receive from $144 to $171 per month. Internes are paid from $131 to $137 . . . The Swiss Government claimed $35,000 from the United States Government as customs duties on planes which crashed in Switzerland during the war . . . The late Max Steuer, a prominent New York lawyer, asked a juryman at a trial if he had any preconceived ideas as to the defendant's guilt or innocence. "Sure he is guilty. Why else would he need to hire you?" the man replied.

"Dig-Against-Famine" Campaign In England to Boost Supply of Food

LONDON, March 6 (Reuters).—British farmers, gardeners and even the humble allotment amateurs are busy with the "dig-against-famine" campaign.

Responding to urgent appeals of the Government again to grow more food, they are working as they worked during the days of the Battle of the Atlantic when every ounce of food grown at home was an ounce less exposed to U-boat attack.

Farmers who thought to turn their land to more remunerative crops have abandoned dreams of larger profits and less work and are preparing to plough up their land to sow cereals as soon as the snow disappears.

The National Allotments Society has called upon allotment holders and small gardeners to grow £10,000,000 ($44,500,000) worth more food this year—although their contribution to the country's supplies is already estimated at between £20,000,000 and £30,000,000 annually.

For farmers, this big "Dig-Against-Famine" campaign is not so easy.

They are faced with two major problems — manpower and the 11th hour nature of the appeal. Their crops were planned months ago and to turn over now to growing more wheat means upsetting all their carefully-made plans and in many cases putting Spring sown wheat into not too suitable ground.

Their greatest problem is manpower. To implement the new campaign, it is estimated between 125,000 and 200,000 additional workers are required on the land.

Large numbers of German prisoners of war are being brought into the country from the United States and Canada. But they are coming to replace Italian prisoners who are being repatriated and to fill the gaps left by demobilization of thousands of women from the Women's Land Army.

Last year some 2,200,000 acres of land were under wheat compared with 1,900,000 in 1938. However, this was 880,000 acres less than in 1944.

Farmer's Wife Is Lone Woman Member

REGINA, March 6 (CP).—The Saskatchewan Legislature has a lone "Lady of Politics," a farmer's wife with a deep conviction about the equality of women. And when she speaks the House listens.

She is Mrs. Beatrice Trew, 48, mother of four and a grandmother, as well. She confesses a deep interest in politics, but says it was her farmer-husband who was responsible for getting her into the political picture in the first place.

It was he who insisted she accept the C.C.F. nomination in Southern Maple Creek constituency, where she beat out a Liberal candidate in the 1944 provincial election. Now he has to get along without her help on their half-section wheat-cattle farm near Lemsford while she attends the Legislature.

A native of Coates Mills, N.B., and daughter of a teacher-mother who was a "student of world affairs," she came to Saskatchewan to teach in 1918. Three years later she married and settled on the farm with her soldier-settler husband. Their two eldest sons are in the army.

Mrs. Trew guesses her interest in affairs of state stems from her teaching days and from her mother. Lately, particularly since entering the Legislature, she has concentrated on championing the equality of women.

"No one would think of dictating to men the conditions under which they should live," she said.

Speaking in the Throne Speech debate before the 55-seat Legislature, Mrs. Trew continued to champion the rights of women.

She condemned the "stupid class snobbery" that made the domestic girl feel downtrodden, and said "we need a revolution in our thinking."

Empress Rice Party Dessert

By THE CHEF

A famous Old World dessert is "Riz a l' Imperatrice" or "Rice for the Empress." It is delicate, delicious and sufficiently "dressy" for the most formal dinner party.

Wash a cup of rice and heat it to the boiling point in unsalted water. Drain it and add a pint of rich milk and about ½ cup of sugar or a little more if you can spare it. Cook together in the top of a double boiler until all the milk is absorbed and the rice is soft. This should take around three-quarters of an hour.

Soak ½ tablespoon granulated gelatine in 2 tablespoons of cold water. Make a boiled custard according to your favorite recipe and when it is done, stir the gelatine into a cupful of the custard. Keep on stirring until the gelatine is dissolved.

Now fold the custard into the cooked rice and let the mixture cool. Add ¼ cup of whipped cream and some candied cherries and apricots—about ½ cupful mixed—and set in a mold until firm enough to turn out. If you cannot get the candied fruits, whole strawberry preserves make a nice substitute, but drain off the juice and just use the berries. Use more juice and berries to make a sauce to pour over the dessert.

Jennie Tourel Charms Large Audience at Royal Victoria

The silver voice of Jennie Tourel, Metropolitan Opera Association mezzo-soprano, drew thunderous applause from a large audience in Royal Victoria Theatre last night.

Acclaimed one of the most outstanding women singers ever heard here, Miss Tourel displayed a range of tone and expression which held her audience breathless. Warm and true, her voice ran the gamut of moods from gaiety to deep sadness with ease, and her diction was perfect in four languages.

The prima donna whose Metropolitan roles have included "Carmen," "Mignon" and "Nora," captured the hearts of listeners, who reluctantly released her after three encores. Her rich coloratura was enhanced by the able accompanying of George Reeves.

Restrait and a fine stage presence, qualities which have helped endear the Montreal star to many Canadian and American audiences, were displayed to full effect here.

Miss Tourel's first group comprised "Per Pieta," by Stradella, and beautiful "Mermaid Song" by Haydn, and the highly dramatic "Air De Sextus, Dehi Per Quarto," from "La Clemenza Di Tito," by Mozart.

In the second portion of the program, Rondo from "La Cenerentola," Rossini's lovely but little-known opera, gave full play to her magnificent range. Among selections in the third portion were "Si Mes Vers Avaient Des Ailes," by Hahn, and "Habanera," from Carmen, sung with fire and understanding. Russian and Spanish songs in the original language made the fourth perhaps the most tinteresting section of her recital.

"The Doves," by Theodore Chanler, and McNair Ilgenfritz's musical setting of Shakespeare's "Blow, Blow, Thou Winter Wind," drew special applause among the fifth group of songs, which were in English.

As encores Miss Tourel sang with simplicity and tenderness "Comin' Thru the Rye," "My Hero" from "Chocolate Soldier," and "Songs My Mother Taught Me," by Dvorak.

Miss Tourel, whose last performance was in Winnipeg, leaves today for Seattle.

Rats in Buildings, Call In Catchers

OTTAWA, March 6 (CP).—Professional rat - killers have been engaged by the Public Works Department to rid Government buildings of the rodents.

Officials said the action was taken following a number of complaints, but there were no indications the rat population of the capital had increased lately.

Demonstration Bus for Blue Line Delivered

A new-type passenger bus, to be used for demonstration over city lines, was delivered to the Blue Line Transit Co. at midnight last night after being driven from Nanaimo, it was announced by A. E. McMullen, superintendent of the firm.

In the city for the demonstration are Major Hoymie, president of the Mack Truck Co., makers of the vehicle, together with Mel Larsen, Seattle manager, and E. Laycock, field manager for the truck company, who drove the huge bus from Portland, Oregon to Vancouver from where it was brought by boat to Nanaimo.

According to Mr. McMullen the makers of the bus say it has an acceleration of four and a half miles per hour per second in low gear.

"This is as fast a pick-up as the trolley bus according to the Mack people and they should know as they manufacture both types of vehicles," Mr. McMullen said.

Innovations incorporated into the 33-foot long bus include individual heating units at every seat, thermostatically controlled air conditioning equipment that gives a complete air change every two minutes, and many others.

It is the first of its type in Western Canada, Mr. McMullen claimed.

The motor is capable of generating 200 horsepower to pull the bus which weighs in the vicinity of 18,000 pounds.

At present painted green and silver with yellowing striping along the side it is of the same type as 12 other buses which the Blue Line have ordered for delivery early in the Summer, Mr. McMullen said.

Seattle Defeats Portland Eagles

SEATTLE, Wash., March 6 (CP).—Seattle Ironmen forged into a one-game lead in the best-of-three Northern Division Pacific Coast Hockey League semi-finals when they turned back Portland Eagles, 3-1, here tonight.

Second game will be played in Portland, Thursday night, and third, if necessary, also in Portland, Saturday. The winners meet Vancouver Canucks in a best-of-five final.

Eddie Dartnell, Dick Milford and Maurice Duffy were Seattle marksmen while Eddie Shamlock netted Portland's lone counter.

SUMMARY

First Period—No score. Penalties: Robinson, Carr, Jenkins, Warshawski (2), Carr (five minutes), Milford (five minutes).

Second Period—1, Seattle, Dartnell (Dotten), 3:03. Penalties: Carr, Jenkins, Bentley.

Third Period—2, Seattle, Milford, 2:07; 3, Seattle, Duffy (Campbell), 8:45; 4, Portland, Shamlock (Coleman), 13:22.

New Investigation and Audit Of B.C. Electric Under Way

Last audit of the accounts and operations of the British Columbia Electric Railway Co., Ltd., by the Public Utilities Commission was undertaken in 1943, but since the appointment of a new chief engineer of the Commission in November last year, a new investigation and audit has been undertaken and is still in progress. This was the reply given by Premier John Hart in the Legislature yesterday to a question by H. E. Winch, leader of the C.C.F. Opposition.

Mr. Winch directed nine questions to the Premier dealing with British Columbia Electric.

In reply to a question as to the basis for present electric light rates or monthly cancellation of light bills, Premier Hart replied that rates and cancellations were established "after hearings and on consideration of Commission's appraisal and report on properties and earnings of the companies," together with reports required from the companies.

The Commission, he replied to another question, checks the information supplied.

Premier Hart gave an affirmative answer to the query: "Is the securing of any new data on British Columbia Electric Railway Co., Ltd., operations contemplated by the Public Utilities Commission?"

In another series of questions dealing with requests for extension of British Columbia Electric services, Mr. Winch was informed that 10 such requests were received in 1945; that when advisable engineers of the Commission personally investigate such requests; that the British Columbia Electric is advised of requests for extensions; and that the reply of the Commission to an application for extension may be based "in part" on the British Columbia Electric information.

Little Stories for Bedtime

By THORNTON W. BURGESS

WHITEFOOT GROWS SUSPICIOUS

Whitefoot the Wood Mouse sat thoughtfully pulling his whiskers. Once or twice he looked behind him uneasily. Very carefully he studied the little wee, wee path that led up to the hollow log, where he was making his home at present. Some one had been over that path since he went out for his usual morning walk. He was sure of it. He peeped in at his doorway and sniffed. Some one had been in there, too.

"Hello, Whitefoot!" shouted Striped Chipmunk, coming up behind him on tiptoe.

Whitefoot jumped so that he lost his balance and toppled off his doorstep.

"Ha, ha, ha!" laughed Striped Chipmunk. "You must have been asleep. Supposing that I had been Shadow the Weasel, what would have happened to you then?"

Whitefoot grew pale at the very thought. "You—you don't suppose that Shadow the Weasel is anywhere around, do you?" he whispered.

"Don't know," replied Striped Chipmunk, "and I don't care. No, sir, I don't care for he doesn't know where my house is. I tell you what it is, Whitefoot, there is nothing like feeling safe. It gives one a good appetite. It certainly does. You take my advice and the next time you build a house you build it where no one will suspect it is. Well, I must skip along now. Look out for Shadow the Weasel."

Whitefoot was more uneasy than ever. He trotted along the wee, wee path, which he had made just for his own use, and looked for footprints. By and by he found one, and just for a second his heart stopped beating. It was—yes, there could be no mistake, it was the footprint of Shadow the Weasel.

Whitefoot the Wood Mouse sat thoughtfully pulling his whiskers

Whitefoot was sure now that Shadow the Weasel had visited his house, and if he had been there once and found no one at home he certainly would come again. You see, Shadow the Weasel is a robber and worse. He is feared by all the little people of the Green Meadows and Green Forest and hated by all those who are big enough not to fear him. He is so slim and short of legs that he can slip into almost any hole that little people like Striped Chipmunk or Danny Meadow Mouse or Whitefoot can.

Whitefoot was thinking of this as he sat with his hands in his pockets and wondered what he had best do. It certainly wouldn't do to stay there. Shadow the Weasel might catch him asleep. With a sigh Whitefoot arose and went into his house in the hollow log. He filled his pockets with food and then he started out to look for a new home. And as he slowly travelled he kept thinking of Striped Chipmunk's advice. But how could he build a home so that no one would find it? A sudden noise behind him made him stop to listen. Then he ran up the branch of a pine tree, from which he could look back to his old home. Some one was just coming out of his doorway. It was—yes, it was Shadow the Weasel.

Whitefoot waited to see no more, but ran as fast as his legs would take him.

"Dead" Soldier Returns to "Honeymoon"

Notified by the War Department that her husband, Joseph Hadrian, was dead, Mrs. Eva Hadrian refused to believe it. She had several offers of marriage, but clung to the hope that her man would one day turn up. He did. Sergeant Hadrian, who had been serving with a Canadian Commando unit, is shown here with Mrs. Hadrian and their son, Joseph, Jr., as they "honeymooned" after his return to Detroit.

MISS SHELAGH GRAVES

OF wide interest in Victoria and Eastern Canada is the engagement announced today of Miss Shelagh Cecily Graves, only daughter of Mr. Sandham Graves, 170 Bushby Street, Victoria, and the late Mrs. (Jessie Elizabeth) Graves, and Lieut. Howard Byron Barnett, R.C.N.V.R., younger son of Mr. and Mrs. James E. Barnett, Cedar Hill Road, Victoria. Both Miss Graves and her fiance are well known, having attended school and college here. Miss Graves was formerly a member of Radio Station CJVI staff and, until leaving for the East recently, was with the social department of The Daily Colonist. She will complete special studies at Columbia University before her marriage next year. Lieut. Barnett was a member of Christ Church Cathedral Choir for many years and is now studying at the Toronto Conservatory of Music. He served for four years with the Royal Canadian and Royal Navy in the war, and was an executive officer on H.M.C.S. Glace Bay. Before that he commanded motor torpedo boats in action in the English Channel.

Miss Hilda Hessen Honored by Clubs

Miss Hilda Hesson, Winnipeg, president of the National Federation of Business and Professional Women, was welcomed to Victoria at a joint meeting of the Victoria Business and Professional Women's Club and the Zelotes' Club, held in the clubrooms, 301 Union Building. Mrs. Lillian Smith presided over the meeting.

Miss Hesson gave her audience a comprehensive picture of the various clubs from Halifax to Victoria; spoke of the convention held in New York in January and praised the women of Great Britain who, with help from Canada and the United States, organized an active new club every three weeks during the war. Miss Hesson said now the English clubs were raising funds to begin clubs in Europe.

A buffet supper was served. Mrs. Madge Hall, Miss Margaret Clay and Miss Edith Parsell presided at the urns. Miss Helen Cruickshank was in charge of supper arrangements.

PRESENTS CHARTERS TO VICTORIA CLUBS

Miss Hesson formally presented club charters to Mrs. J. Ingram Smith, president of the Victoria Business and Professional Women's Club and to Miss Frances Paterson, president of the Victoria Zelotes' Club.

Miss Hesson left yesterday on an Up-Island trip to visit clubs in Nanaimo and in Duncan, prior to leaving on the return journey to Winnipeg.

Soroptimists Send $45 to Rehabilitate Children

Miss Laura Holland was unanimously elected an honorary member of the Soroptimist Club, at the meeting Tuesday evening at the Y.W.C.A. The Soroptimist Club had previously nominated Miss Holland as candidate for the award presented to an outstanding woman in 1945-46 by the American Federation of Soroptimist Clubs.

The sum of $45 for the rehabilitation of Czecho-Slovak children was forwarded to the Unitarian Service Committee.

Mme. Erna Vautrin, club delegate to the Local Council of Women reported on the work done, and in that connection a resolution, to be forwarded to the City Council, was passed, deploring the wholesale cutting of trees on Victoria's boulevards and in Beacon Hill Park. Miss Neil Jones, presided.

Rev. Easter continued talks on the life of Paul when Baptist Youth Fellowship of First Baptist Church met in the hall Monday evening.

For Brides-Elect

Mrs. E. Albutt and Mrs. W. L. Ford were joint hostesses at a miscellaneous shower held at the former's home, 1075 Roslyn Road, in honor of Miss Enid Mesher, who is being married this week. The many gifts were presented in a huge hat box covered in pale green, peach and yellow. A miniature wedding cake topped by a tiny bride and groom, centred the lace-covered table lighted by green and yellow tapers. The guests were Mrs. E. C. Mesher, Mrs. E. Halley, Mrs. W. Poutney, Mrs. W. Singer, Mrs. B. George, Mrs. T. Hutcheson, Mrs. M. Blanshard, Mrs. L. Schmelz Sr., Mrs. M. McKinnon, Mrs. F. Kenyon, Mrs. A. Reid, Mrs. R. M. Watson, Mrs. T. Grant, and Misses Babs Vosper, Kitty Freethy, Kay Blakemore and M. Stevenson.

Miss Elinor Grey was guest of honor Monday when Mrs. H. Ballantyne held at shower at her home, 3127 Millgrove Street. The room was decorated with daffodils and pussy-willows and a corsage of Spring flowers and the gifts were presented to the bride by Kathleen, Roberta and Marilyn Ballantyne. Guests included Mrs. C. Gray, Mrs. T. Rowan, Mrs. C. Bousstow, Mrs. G. Fulton, Mrs. O. Atkens, Mrs. R. Warnock, Mrs. R. Bell, Mrs. P. Harris, Mrs. J. Murray, Mrs. J. Dalby, Mrs. H. Flynn, Mrs. D. Kirkendale and the Misses L. Fulton and E. Grey.

Miss Jennie Drever, who is employed on the staff of the Protestant Orphanage, was the honoree at a surprise party Monday evening when the Rebekah P.N.G. Club held a miscellaneous shower for the bride-elect. Gifts were presented by the president, Mrs. R. Ogard. Corsages were presented to the bride-elect and to Mrs. A. Barner, matron of the Orphanage. Included among the 50 guests were the Misses M. Winter, M. Salway, F. Porter, M. Miller, D. Mowat and F. Cosman

Easy to "Give Up" Something in Lent

Many residents of Victoria and points east will have no trouble deciding what to give up for Lent.

As the six-week season of sacrifice opened yesterday, more than one Victorian gazed down a long vista of meatless Tuesdays and Fridays and butterless meals and murmured that Wartime Prices and Trade Board had already made that decision for him.

People who decide to give up chocolate bars will find few temptations to turn them from the straight and narrow. Women who renounce silk stockings will have willing helpers in store clerks who say every day: "Sorry, madam, we have none." Giving up nylons is no trick at all, women declare.

Housewives find little difficulty in denying themselves shortening—and so on down the list.

In fact, many Victorians, with the best possible intentions, are complaining today: "We haven't anything to give up."

Others, more thoughtful, pause to reflect that millions abroad face the necessity of giving up eating.

Guided Canadians Through Cathedral

Miss Margaret Babington, O.B.E., honorary secretary of Friends of Canterbury Cathedral, was a visitor to Victoria yesterday in the course of a tour covering 60 Canadian cities.

Revival of Canterbury Festival Week this year was impossible because of bomb destruction, but a festival day would be held instead on July 1, Miss Babington said. King George, who plans to attend, will be the first British monarch since Charles II to be present at a Canterbury festival, she stated.

Miss Babington estimated she escorted about 7,000 Canadian servicemen and women through the cathedral during the war. She said that the five remaining blank shields on the cathedral's ceiling are shortly to be engraved by Professor E. W. Tristam, famed sculptor, with the arms of the King, Queen, Queen Mother and the Princesses.

K. F. Duncan Re-elected President Of Cowichan Red Cross Branch

DUNCAN, March 6.— Mr. K. F. Duncan was re-elected president of the Cowichan Red Cross at the annual meeting held at the Legion rooms Monday afternoon. Col. P. Oldham was chosen vice-president, Mr. Humphrey Williams, treasurer; James Greig, secretary, and the committee will be Mrs. F. G. Aldersey, Mrs. J. D. Groves, Mrs. Hector Marsh, Canon T. M. Hughes and H. Graham. Five district units will each elect a committee representative.

The retiring treasurer, Mr. Reginald Bateman reported that the district had raised and forwarded to headquarters a total of $17,379.63 during 1945. This included the contributions of district units Cowichan Station-Hillbank, Cherry Point-Bench, Cobble Hill and Mill Bay.

The president reported on the annual convention of the B.C. Division, Canadian Red Cross, and outlined the work planned for the current year, which in addition to the aid planned for Europe, included the establishment of 50 out-post hospitals in Canada, four of which are to be in British Columbia, and the founding of free blood banks.

The Red Cross market stall which has been carried on each week by Mrs. J. Seeley, Mrs. George Colk and Mrs. W. H. Batstone had a record year, clearing $708.80, and they were accorded a special vote of thanks.

Mrs. F. G. Aldersey reported on the Red Cross work room which had completed its sixth year; 7,189 articles had been made at the rooms during the year. The rooms are being closed and work will be carried on and distributed one day a week from the I.O.D.E. rooms, with Mrs. Hector Marsh in charge.

A vote of sympathy was passed to Mrs. W. H. Batstone on the recent death of her husband.

Thanks were accorded the Canadian Legion for the use of a room for the meeting, to G. H. Townend for donating all proceeds from the sale of plants through the year to the Red Cross, to the Summit Lumber Co., for regular payroll contributions, and to the B.C. Power Commission for free light and power for the work rooms.

In the absence of Mr. Stewart Clark, president of the Victoria Branch, who was to have been guest speaker at the meeting, two Red Cross films were shown on a machine kindly loaned by the Rev. Father Stone.

Island Temple, No. 8, Pythian Sisters, held their regular meeting recently in K. of P. Hall with Sister Dora Elliott presiding. Sister Vera Barry reported on the Spring tea that is to be held March 13 in the hall at 2:30 p.m. There will also be a home cooking and apron stall. Following the meeting an apron shower was held for the stall in conjunction with the tea. The highlight of the evening was a shower given by the temple members for Miss Doris White, bride-to-be, who was the recipient of many useful gifts. Miss White and her mother were each presented with carnation corsages and a silver bread tray from the temple.

Wedding in England of Interest Here

Photo by Knight.

Of interest to musical circles in Victoria is the marriage of Kathleen Hardy (Naneen) Stephens and Capt. Henry Marsh, the Middlesex Regiment, D.O.C., which took place March 2, 1946, in the lovely old church of St. Stephen's, Bath, England.

Rev. A. C. Bowell performed the fully choral ceremony uniting the second son of Brig.-Gen. and Mrs. F. G. Marsh, of "Pinewood," Hordle, Hampshire, who was a prisoner of war for three years at Hongkong, and the bride, who is the only child of Capt. E. J. Stephens, D.C.L.I. and of Mrs. Stephens, 2848 Dufferin Avenue, Victoria.

Graduating from St. Margaret's School for Girls, Miss Stephens, an accomplished pianist, taught music for some time in this city prior to her departure for England early this year.

The blonde bride, radiantly lovely in lustrous satin, fashioned with full sweeping train misted by the exquisite hand-embroidered veil of her grandmother, carrying a sheaf of dark-red roses and lily of the valley, entered the church on the arm of her great-uncle, Mr. A. M. Beardsell, and was attended by Mrs. Rosemary Zueginzov, cousin of the groom, wearing champagne taffeta with bouffant skirt and carrying an arm bouquet of cream roses.

Major I. Cross Pedley, Royal Artillery, also a former prisoner of war at Hongkong, was best man.

The choir, singing "Lead Us, Heavenly Father, Lead Us," preceded the bride up the aisle, and during the signing of the register sang "Jesu, Joy of Man's Desire," by Bach.

Officers of the Middlesex Regiment and many relatives of both families were guests at the reception, held at the home of Mrs. H. C. Tillard, J.P., Beechfield, Bath, aunt of the groom, who was assisted by Mrs. A. M. Beardsell, great-aunt of the bride. The groom's gift to the bride was a lynx evening coat and a sterling cigarette case was the bride's gift to the groom.

After a honeymoon at Bournemouth, Captain and Mrs. Marsh will reside at No. 17, Richmond Place, Lansdown, Bath, prior to Capt. Marsh's entering Staff College, Camberley, in May.

The ladies' committee of the First United Spiritualist Church will hold a shamrock tea today from 2 to 5 p.m. in the Sons of England Hall.

Crawford and Bergman In Line for Oscar

HOLLYWOOD, March 6 (AP).—Getting ready for its annual Oscar-giving party tomorrow night, the word in Hollywood is that the Academy Award will go either to Joan Crawford, who made a comeback in "Mildred Pierce," or to Ingrid Bergman, for "The Bells of St. Mary's."

Speculation is that Ray Milland is head and shoulders above any other candidate for male acting honors throughout his performance in "The Lost Week-End."

For the best picture, Hollywood dopesters say it is a toss-up between the revolutionary "Week-End" and the more popular "Bells."

Opposes Fairground In Colwood District

A protest against the use of the Colwood area as an exhibition ground has been made by Rear Admiral Victor G. Brodeur, C.B., C.B.E., R.C.N., who felt such a development might prove a threat to the naval magazine and fuel depot.

A fire starting at the proposed fair grounds, Rear Admiral Brodeur claimed, could easily spread to naval installations. Such a fire would have disastrous results, he said.

Warrior Latest Addition to Canadian Navy

Lying at her berth in Belfast, Ireland, the new 18,000-ton light aircraft carrier Warrior, which was commissioned there when the White Ensign and the Canadian Jack were hoisted in the presence of Royal Naval and Canadian officials. The Warrior is being loaned to the Royal Canadian Navy by the Admiralty to institute and train a Canadian naval air arm.

Airways Official Will Visit Site

A. H. Wilson, assistant inspector of western airways for the Department of Transport, will outline airport requirements to a meeting of the Greater Victoria Airport Committee Friday afternoon. Engineers from Oak Bay and Saanich have also been invited to attend.

Alderman B. J. Gadsden, committee chairman, said yesterday that he and Mr. Wilson would make a tour of the Gordon Head site Friday morning in order that the official might have full information concerning the proposal for an airport there.

In a letter to Alderman Gadsden, Mr. Wilson stated he was familiar with the site, having flown over it in 1928.

Legion Admits 26 Duncan Veterans

DUNCAN, March 6.—Twenty-six veterans joined Cowichan Branch, Canadian Legion, at a meeting here. The branch will be represented at the provincial convention, Vancouver, by O. T. Smythe, A. J. Castle and William Dobson.

Mr. Dobson has been appointed to the resolutions committee. Seven resolutions are being submitted from Cowichan Branch. One asks that all rehabilitation benefits which would have been available to men who lost their lives in the war be turned over to their widows.

The Legion president, Mr. Smythe, reported on a pre-convention meeting of Up-Island branches at Nanaimo, at which five resolutions submitted by the local group received unanimous support.

A delegation from Lake Cowichan brought up the question of forming a separate branch there. It was pointed out that 100 veterans at the Lake were 20 miles away from Duncan. The suggestion was approved by Cowichan Branch.

K. F. Duncan reported that plans being made by the city council, together with other local organizations, for a welcome home for overseas men, were well in hand. The plans include a banquet and dance, and the Legion named K. E. Duncan a member of the finance committee; A. J. Castle, boundaries committee, and Bert Evans, entertainment committee.

Dependents Arrive At Halifax Today

According to Culbertson - - - -

I am indebted to a correspondent for raising a point which, though covered many times before in this column, is the source of untold woe to countless partnerships. I refer to aimless, highly misleading overcalling—such as West was guilty of in today's deal.

South, dealer.

Both sides vulnerable.

NORTH

♥ K 10 8 7 3
♦ A Q 5

♥ A 9 2
♦ 9 6 4
♣ J 3 2

SOUTH
♠ A K 8 7 2
♥ Q
♦ 7
♣ A Q 10 6 5 4

The bidding:

South	West	North	East
1 ♣	1 ♦	1 ♥	Pass
2 ♠	Pass	2 NT	Pass
3 ♠	Pass	4 ♠	Double
Pass	Pass	Rdble	Pass
Pass	Pass		

West could have saved a trick by guessing to open a heart, but on his actual diamond lead declarer risked the finesse, got rid of his lone heart on the diamond ace, and ended up with an overtrick worth 400 points, as well as 480 below the line and, of course, the rubber bonus. The 50 points for fulfilling the contract was scarcely worth mentioning.

It is fairly obvious that East, who had done the doubling, was not responsible for this huge loss to his side. He had two sure trump tricks, to say nothing of his length in the suit (which might embarrass South considerably), the heart ace, which certainly figured to win a trick—and his partner had made a vulnerable overcall! Of course West argued that this overcall should have been discounted, even ignored, in view of the fact that it was "only" an overcall, and at the mere one-level, at that, but this stock alibi had its usual value—which is nil!

A partnership simply cannot operate on the principle that an overcall must be ignored defensively! Consider: from East point of view, West might well have held such a hand as

♠ x ♥ xxxx ♦ A J xxxx ♣ K x

In this case, North's holding would be at least two tricks less valuable to South, and failure to double would be very costly. No, it was the overcall, not the double, which was entirely at fault.

Saucy Comedy at The York Theatre

Loretta Young and Melvyn Douglas are co-starred in Columbia's saucy comedy, "He Stayed for Breakfast," which opens today at the York Theatre. The film, directed by Alexander Hall, includes Alan Marshal, Eugene Pallette and Una O'Connor in its cast. Sidney Howard's "Ode to Liberty," a Broadway production from Michel Duran's French play, "Liberte Provisoire," supplied the original for the "He Stayed for Breakfast" screenplay.

ATLAS THEATRE Featuring one of the most outstanding casts ever assembled, 20th Century-Fox's stirring hit, "Captain Eddie," a Eureka Pictures production which depicts the life of Eddie Rickenbacker, is now showing at the Atlas Theatre. Starring Fred MacMurray in the title role, the cast of the hit also boasts Lynn Bari, Charles Bickford, Thomas Mitchell, Lloyd Nolan and James Gleason.

CAPITOL THEATRE Never did a romance flower under more terrifying circumstances than confront the lovers of Paramount's unusual drama, "The Lost Weekend," picturization of Charles Jackson's best-seller. "The Lost Weekend," now at the Capitol Theatre, co-stars Milland with Jane Wyman. Others in the cast of the Paramount drama are Howard da Silva, Doris Dowling and Frank Faylen.

DOMINION THEATRE If you need a shave today, one way of seeing how it ought not to be done is to watch Bud Abbott and Lou Costello barber the Hollywood elite in "Bud Abbott and Lou Costello in Hollywood," latest gloom-chaser from M.-G.-M. studios, which ends tonight at the Dominion Theatre. Caught in the funniest predicaments of their comedy careers, Bud and Lou start out as barbers, end up as actors' agents.

Jean Watson, Canadian Singer Coming March 9

"A voice of exceptional natural splendor" was the verdict of the New York Times following Jean Watson's most recent concert appearance in the metropolis, echoing the praise the Canadian contralto has earned consistently in her appearances in New York and other cities from coast to coast and through Canada.

The Canadian singer, who appears here on Saturday at the Royal, has been the heroine of sensational achievement ever since the day she persuaded her family to let her study singing by winning the Gold Medal for contraltos at the Canadian National Exhibition without previous training.

Jean Watson attended the Toronto Conservatory of Music for several years. After this she sang in Canada under the batons of leading conductors.

She was introduced to the United States at the Bethlehem Bach Festival, where she was the "news" of the occasion.

Miss Watson gives annual recitals in Town Hall, New York, in addition to her concert tours throughout the United States and Canada.

Canadian Scottish Veteran Now Home

Capt. Frank Norton, veteran of the Western Europe campaign, where he fought with the 1st and 4th Battalions, The Canadian Scottish Regiment, has returned to Victoria with his wife and son.

His parents, Mr. and Mrs. F. H. A. Norton, reside at 939 Pemberton Road.

During his three-and-a-half years abroad he took part in the fighting from Falaise to the Leopold Canal, served in the occupation force following "V-E" Day, and finished his overseas service with the Second Canadian Workshop Engineers in Germany as a garrison engineer.

After arriving in Canada on the Ile de France he proceeded to San Francisco to join his family. They are now residing at the home of his parents.

Finance–Commerce–Markets

New York Stocks

NEW YORK, March 6 (AP).—Stocks slipped in today's market although the movement was narrow and some leaders, notably steels, managed to erase losses or convert them into slight gains in late dealings.

Early declines ranged to two points as continued strike deadlocks and threats of new walkouts tended to chill enthusiasm of investors. Buying also was retarded by pessimism over 1946 earnings prospects.

Transfers of 890,000 shares compared with 1,040,000 on Tuesday.

Decline in The Associated Press 60-stock average was held to .1 of a point at 73.9.

Toronto Stocks

TORONTO, March 6 (CP). — The Toronto Stock Market was down at the close today as base metal stocks posted the widest losses. Volume was close to 3,000,000 shares.

MacDonald recorded a wide break, touching 3.10 before buying support lifted the price back to $4 where it was still down 90 cents from the last close.

Pioneer firmed about 50 cents and moderate gains were held by Giant, Preston, Hallnor, Campbell Red Lake and Springer.

Sherritt was a heavy trader and it held a small margin on the up side at the close. Noranda lost a point or more. Labrador dropped 40.

Calgary-Edmonton, Nordon, Pacalta, Calmont and British-Dominion were among the weak Western oils.

London Market

LONDON, March 6 (Reuters). — On today's London Stock Exchange, the market opened quietly for the first time in several weeks.

In slight animation later in the day, gilt-edged issues finished with small gains after declining at the opening. More interest also developed in industrials, particularly stores, reflecting hopes for increased consumer goods supplies in Britain.

Montreal Stocks

MONTREAL, March 6 (CP).—Majority trends were easier today on the Stock Exchange and Curb Market up to the fifth hour with some of the junior mines tumbling precipitatively.

Off in papers were International, Fraser, Consolidated, Price, St. Lawrence, Bathurst "A" and "B," Brown common and Abitibi common and 6 per cent preferred.

Canadian Industries "B" touched a new top in industrials and also ahead were Stelco common, International Bronze, Algoma, Paints and Massey preferred.

Gatineau went to a new high in utilities. Montreal was in new high ground in banks.

Aluminium reached a new peak in metals. Smelters, Hudson Bay and Nickel were down. B.A. was lower in refineries. Royalite was up and Home in arrears in Western oils.

Chicago Grain

CHICAGO, March 6 (AP). — May rye slipped sharply under pressure of somewhat general selling today.

Rallying tendencies were feeble and prices were around a cent or more a bushel under yesterday's close most of the time.

Oats encountered some unexpected liquidation in the nearby months, but held at ceiling prices, while the distant contracts lost major fractions of a cent. Some transactions in the September and December deliveries were understood to involve hedge sales and a moderate volume of spreading.

All deliveries of wheat, corn and barley finished again at ceilings of $1.83 1-2, $1.21 1-2, and $1.26 1-2, oats were unchanged to 1 1-2 cents lower. May rye finished the five-cent limit under the previous finish at $2.16 1-2.

Winnipeg Grain

WINNIPEG, March 6 (CP). — Rye futures prices displayed an easier tone on the Winnipeg Grain Exchange today in sympathy with the decline of May rye prices at Chicago. At the close the range was five to 4 3-4 cents lower with May at $2.40 1-2, July $2.32, asked, and October $1.86 1-4-1.86 3-8.

Dealings were thin and it took little selling to depress prices.

Export business included the sale of 320,000 bushels of wheat to the United Kingdom and 350,000 bushels of wheat for distribution to U.N.R.R.A.

Until the time that Rose Marx decided to really do something about it, no one type of Brassiere was very much different from another. There were little differences, of course, but to design and manufacture a Brassiere that would completely meet the demand of the modern woman was a job left to the enterprise of Rose Marx. And how well she has done that job is evidenced by the overwhelming demand for her product—a demand that has been met in Victoria only by Eddy's.

VICTORIA MAN TENNIS PREXY

Election of Carl Brand prominent Victoria netter, to the presidency of the British Columbia Lawn Tennis Association, will strike a popular chord in Victoria tennis circles where for many years he has been an ardent supporter and worker in the interest of the sport.

A veteran player and former Victoria city champion, Brand will enter his important position with years of experience as a player and executive club member, experience that will prove very beneficial in his post as prexy of the provincial organization.

Long associated with the Victoria Lawn Tennis Club as an executive officer, Brand has contributed much to the success of the net sport in this city. He was tournament chairman of the very successful city championship event last season at the Victoria Lawn Tennis Club and did an excellent job.

Then, too, his years of practical experience as a player will enable him to get the players' angle in matters which will come up for discussion during the coming season. This should be another worthwhile and pleasing feature for those interested in the game.

Last, but far from least, Brand, like many other veteran netters, is interested in junior players and we feel that under his guidance as provincial president junior tennis in British Columbia will be given an added boost.

We feel the selection of Carl Brand for the post of president of the British Columbia Lawn Tennis Association was a good move. We know he will do a good job for tennis and its many participants.

GATHERED FROM HERE AND THERE

Jimmy Lewis, son of **Charlie Lewis**, well-known local soccer official and team manager, is rapidly developing into one of the most promising of this city's young basketball scoring aces. A consistently high scorer all season, **Lewis** racked up 27 points last night in a **Vancouver Island** play-off final against **Nanaimo**. . . . **Car Taylor**, versatile **Victoria** athlete, is doing a grand job as coach of the **Eagles** Intermediate "B" boys' hoop [illegible] and [illegible] has his squad playing good ball. . . **British Columbia Rugby Union** officials will gather at **Vancouver** tomorrow to discuss the 1945-46 disposition of the prized **McKechnie Cup**, symbolic of "**Big Three**" Rugby supremacy. **Victoria** delegates will continue to press for a play-off but with **Varsity** against the proposal and **Vancouver** only lukewarm to the suggestion, the **Victoria** representatives will probably have quite a battle on their hands. . . . Only thing holding up the return of the pachydermic pastime in this city is the lack of proper facilities for staging wrestling shows. Just another reason why Victoria should get action on a sports auditorium at the earliest possible moment. . . . Last night's scores: Canadiens 7, Rangers 3; Toronto 5, Chicago 2; Boston 4, Detroit 2.

Next game, Saturday: Canadiens at Toronto

MONTREAL, March 6 (CP).—The pace-setting Montreal Canadiens hammered out a 7-3 victory over the tail-end New York Rangers in a dual National Hockey League game tonight before more than 11,000 fans.

Rangers staged a game [illegible] fight in the first two periods and were only trailing by one goal as the final session opened but their defence went to pieces in the last frame and Canucks broke through [illegible]. [illegible] on the part of Goalie Charlie Rayner prevented a higher score. In that third period Canucks outshot the Blue Shirts, 12-4.

The game started at a first clip and almost before the fans had settled in their seats Edgar Laprade broke the scoring ice with a hard shot from close in. Jimmy Peters nullified that tally before the period ended when he caught Goalie Rayner off balance with a vicious shot from a difficult angle.

Poor defensive work prevailed in the mid-session and one goal followed another. Ken Reardon started the ball rolling but Rangers came surging back with Alf Pike scoring. Maurice Richard shot Canucks into the lead again after a spectacular effort and Butch Bouchard solidified that lead before Grant Warwick beat Durnan with a long shot from the vicinity of the blue line.

In the one-sided final session, Reardon, Richard and Peters lighted up the red light behind the New York nets while the New Yorkers could hardly get off their own defensive zone. It was the second goal of the evening for Reardon, Richard and Peters.

SUMMARY

First Period—1, New York, Laprade (Laycoe, Pike) 2:27; 2, Montreal, Peters (Lamoureux) 2:54. Penalty—Bouchard, Reardon.

Second Period—3, Montreal, Reardon (Peters, Chamberlain) 4:24; 4, New York, Pike (DeMarco, Warwick) 6:47; 5, Montreal, Richard (Blake, Lach) 8:41; 6, Montreal, Bouchard (Peters) 9:10; 7, New York, Warwick (DeMarco) 10:43. Penalties—Laycoe (2), Mosdell, Lach.

Third Period—8, Montreal, Reardon (Blake) 2:22; 9, Montreal, Richard (Lach, Blake) 15:22; 10, Montreal, Peters (Mosdell, Chamberlain) 17:38. Penalty, Pike.

BOSTON BRUINS TAKE OVER SECOND BERTH

BOSTON, March 6 (AP).—Home after losing five of six road games, Boston Bruins regained sole possession of the National Hockey League third berth by defeating Detroit Red Wings 4-2 tonight before a capacity 13,900 crowd at the Boston Garden. It was the first setback the visitors had suffered since being shut out here, 3-0, February 13, nine games ago.

It was the sparkling play of the Bruins famed Kitchener line that snapped their losing streak and dropped the hitherto deadlocked Red Wings into fourth place.

On each of their first three turns on the ice the combination of Milt Schmidt, Woody Dumart and Bobby Bauer produced a goal and all the Boston scoring was during the first 18 minutes of play.

Schmidt, who counted twice, turned on the red light in 58 seconds by caging Bauer's rebound. After Defenceman Jack Crawford [illegible] in a 55-foot scoring shot, Schmidt teamed with Dumart for his second tally. The latter wound up the Bruins scoring with both of his linemates assisting by polishing off a play that started with a face-off in the Detroit zone.

The Red Wings' tallies came in each of the last two sessions. Pern Gauthier backhanded in a 30-footer, after taking Hal Jackson's forward pass during the fourth minute of the second period and Joe Carveth scored without aid during the 15th minute of the final.

The Red Wings had an all-out five-man passing attack going in the Boston zone when Carveth gained the puck at the backboards and circled the net. As he did, one of the visitors knocked the stick out of Goalie Frank Brimsek's hands and it was an easy assignment for Carveth to ram in the puck when he completed his circle.

First Period—1, Boston, Schmidt (Bauer), :58; 2, Boston, Crawford, 4:32; 3, Boston, Schmidt (Dumart), 8:51; 4, Boston, Dumart (Bauer, Schmidt) 17:51.

Second Period—5, Detroit, Gauthier (Jackson) 3:21. Penalty, Cain.

Third Period—6, Detroit, Carveth 14:38.

MAPLE LEAFS RETAIN MATHEMATICAL CHANCE

CHICAGO, March 6 (CP).—The Toronto Maple Leafs retained a mathematical chance of defending their Stanley Cup championship in the National Hockey League play-offs as they defeated the second-place Chicago Hawks 5-2 tonight before 16,988 fans at Chicago Stadium.

[illegible]

Apps also figured in the next goal, scored by Elwin Morris at 7:06 of the second period. Babe Pratt passed to Apps [illegible] passed the puck over to Morris after pulling Karakas off balance. Gaye Stewart scored the third goal of the period at 16:11, with Billy Taylor getting an assist.

Horeck put the Hawks back in the scoring column at 13:26 of the third period on a pass from Clint Smith but less than a minute later he went to the penalty box for cross-checking and in his absence Ezinicki wound up a power play by scoring Toronto's fifth goal. Metz and Morris got assists on that counter, at 15:47 of the period.

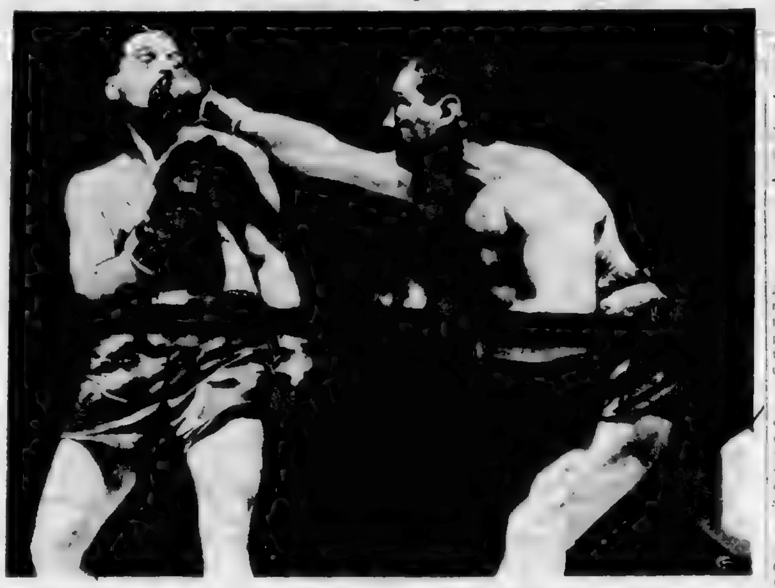
SUMMARY

First Period—1, Toronto, Apps (Ezinicki), 5.33; 2, Chicago, Smith (Horeck, M. Bentley), 10.70. Penalties, Horeck, Stanowski, Ezinicki.

Second Period—3, Toronto, Apps (major penalty shot), 2.12; 4, Toronto, Morris (Pratt, Apps), 7.06; 5, Toronto, Stewart [illegible] 16:11. Penalties, Bodnar, [illegible].

Third Period—6, Chicago, Horeck (Smith), 13:26; 7, Toronto, [illegible] (Metz, Morris), 15:47. Penalty, Horeck.

Gets Mouthful of Fist From Light-Heavyweight Champ



Lee Oma, left, heavyweight from Detroit, Mich., gets a mouthful of fist as the right hand of Gus Lesnevich, of Cliffside Park, N.J., world's light-heavyweight champion, connects. Action was seen at Madison Square Garden, N.Y., during scheduled ten-round non-title bout. The fight ended at conclusion of fourth round when Dr. William Walker halted the fight after inspection of a deep cut over Lesnevich's left eye. Oma was credited with a four-round knockout. Lacerated eye is evident in photo.

Edmonton Skates to 7-0 Triumph Over Clippers

Prairie Puckchasers Take One-Game Lead in Junior Play-Downs—Fourth Fixture Tonight

NANAIMO, March 6 (CP).—Edmonton Canadians moved to within one game of capturing the inter-provincial junior hockey championship tonight when they defeated Nanaimo Clippers 7-0 in the third game of the [illegible] final here before 2,[illegible] fans.

Rocking up five goals in the second period Canuck added the others in the final frame to take a 2-1 lead in games. Fourth contest will be played tomorrow night. Winner qualifies to go up against the survivor of the Saskatchewan-Manitoba play-down for the Western Canada title.

Clippers in losing stayed a great fight and the five goals that beat 18-year-old Bev Bentley in the Nanaimo net during the fast middle panel came from smart, finished passing attacks.

Bill Black, centre, and Cy Thomas, left wing netted two each. Other goals were divided between Bill Gadsby, Bill Pettinger and Ed Thomas.

Canuck, although held to even terms in the first stanza, proved the better sextette as they took command of the play early in the second panel. Clippers should have shown on the score sheet but were outlucked during almost everything but [illegible]. Canucks on the other hand made virtually every opportunity pay dividends.

[illegible] Edmonton [illegible] the Nanaimo defence [illegible] very few opportunities to get in [illegible] first frame when on three occasions they missed fire.

Oak Bay High School Takes Rugby Match

That Oak Bay fighting spirit carried the leaders of the Hesland Cup back into the running for the Howard Russell Trophy yesterday when the Oak Bay High School ruggers defeated Victoria High School 6-3 on the Oak Bay grounds.

Trailing 3-0 through the first half and most of the second, the boys in the green and white looked as though the Howard Russell Cup [illegible] slipped through their hands, but with the forwards clicking with beautiful precision, moved back to regain their grip on the coveted trophy with two well earned tries.

Early in the first half Victoria High scored when Tommy Joyce booted a neat kick between the uprights on a penalty. However, though fighting back grimly, the Oak Bay team were unable to pierce Victoria High's tight defence and at the half-way breather faced what seemed to be an insurmountable lead.

During the half time period both groups of spectators gave vent to their spirits in "snakes" while the Victoria drum-majorettes went through their routines.

The Oak Bay forwards playing one of their best games of the season, started the second stanza with a will to win that could not be denied. However, until mid-way through the half, they were thwarted by the Victoria defence until Denny Pratt, snagging a kick from one of his teammates, crossed the line after outdistancing pursuit. Jim Mill's attempted convert was wide.

After getting back in the game, Oak Bay really drove hard for a winning try and, near the final whistle, the hard-fighting forwards carried the ball across from a line-out with Lorne Prevost retrieving it for the score. Mill's second convert attempt also failed.

Wally Brynjolfson refereed.

Line-ups.

Oak Bay High—Beaton, Waters, Preiswerck, Davenport, Estlin, Burland, Roberts, Mill, Stephenson, Prevost, Black, McNeil, Pratt, Bate, Batey.

Victoria High—[illegible], Lea, [illegible], McKellar, Wakeff, [illegible], Joyce, Casner, Wallis, Henderson.

GRIDDERS TO MEET

Canadian Legion American football team will hold a meeting and club talk at the Britannia Branch clubrooms, 1616 Broughton Street, tonight at 9. All players are asked to attend.

Langford Speedway Will Be Renovated

At a well-attended meeting of the British Columbia Automotive Sports Association held earlier this week in the club headquarters at 124 Pemberton Building an agreement between Jack Taylor of the Langford Speedway Ltd. and the B.C.A.S.A. was ratified.

A finance committee of Robert Noel, Eric Foster and Neil Butler was appointed to handle "baby" bonds to be subscribed for amongst the club members, the money so raised to be used for improvements to the racing strip and the buildings.

The first work party of the season will meet at the track on Sunday, March 10, at 1 p.m. to commence the task of placing the grounds in order.

A substantial guard rail is planned to protect the school property adjacent to the track.

IN The [illegible] Webb [illegible] the capacity to perceive of all pictures beautiful. As one may see the charm of a profile for the first time when looking at a silhouette, so one becomes aware of the perfection of a natural outline more quickly by seeing it drawn in one color. It is much simpler to trace the fairy fretwork of a mountain ash when it lies on the grass in shadow than when the eyes are dazzled by the vivid green and clustering scarlet and berry and leaf against the sky. It has become a blue tree on the green canvas of a field. Without shadow things would seem unreal, unbreathing as the [illegible] in a dream, flat unrelieved tapestry on the walls of the world. With it come reality and rounded loveliness. It is only the bare Winter tree, the barren heart that are shadowless.

— THE AFTERSTUDY —

THE MOST [illegible] WITH RAY Milland, now there's a show that's simply grand. For his portrayal of the drunken writer he's said to be an Academy winner. Personally, I go into more of a trance about movies of the song and dance. But this movie so sunk in my brother's dome, that he re-enacted the scenes when he got home. And grabbing an old bottle and being rude, he just couldn't get out of that Milland mood. We all nearly split our sides as he hunted about for a place to hide this bottle supposedly filled with rye but actually belonged to that milkman guy. More realistic he became as he groped for the door, then pulled all the books right onto the floor. Then — still portraying a mighty fear, he spied high above our wall char... Well, that was the end of stuff we'd had, and besides his wife was getting mad. For the big award this should be no other. Just send the Oscar to my [illegible].

Local Squads Win Play-Off Hoop Fixtures

Victoria cage squads continued to move successfully along the trail that leads to provincial championships at the High School gymnasium last night, when they marked up a trio of victories over Up-Island opposition.

Gar Taylor's clever Eagles started to roll after a bad first quarter to completely outplay Alberni the rest of the way and hang up a 43-19 triumph in the feature contest, the first game of the total-point series for the Island Boys' Intermediate "B" title. Other games saw the Eaglettes outslug a second Alberni team in the first game of the Island Girls' Intermediate "B" finals, to take a 26-17 decision, while the well-drilled K.V.'s juniors annexed the Island laurels by trouncing Nanaimo, 55-28, to take the round 1111-57.

An under-rated club on their recent showings, Eagles played a smart game to completely overshadow their bigger opponents. Hawking the ball and checking closely all the way, the winners scored practically every basket from under the hoop as they continually came up with the ball in the scrambles.

Alberni jumped into an early lead as the Eagles failed to settle down in the opening quarter and a took a 9-6 lead. Locals gradually began to play as a unit and managed to pull in front at half time, 17-14.

Setting up a stiff defence, playing more alertly and showing more speed and fight than the Alberni squad, Eagles held the visitors to a single field goal in the last two quarters while they made the game a rout by pushing up 27 more points.

Although anything in the way of basketball was completely lacking, Eaglettes and Alberni put on the most entertaining game of the season in the first half of their battle, as tempers ran short and the squads wrestled their way all over the floor. The visitors showed a lot of fight although extremely weak on the shooting end, and were only two points down at half time, 12-10.

Eaglettes settled down after the intermission and built up their winning margin in the third quarter. Play cooled off considerably in the last two periods and the harassed officials had an easier time of it.

One of the most promising youngsters in his division, Jimmy Lewis again set the scoring pace for the K.V.'s in the junior contest as he made good use of his size and deadly accuracy to find the hoop for 27 points. Winners grabbed an early 14-2 lead in the first quarter. Nanaimo sliced the margin by two points before the half but were badly outscored in the last chapters.

Teams and scores follow:

Alberni—Coulthard 2, West 5, Sileur, Maultsaid 7, Carter 4, McEachern 1, Owens, Bayley, Sawyer. Total 19.

Eagles—McMillan 11, Tooby 8, Browning 8, Ellis 10, Page 4, Anderson 2, Ireland 2. Total 43.

Alberni—F. Robinson 3, Hills, G. Robinson 2, Herd 10, Harvey, Hall 2, Frennette, Skyrme, Glenn, Sundquist. Total 17.

Eaglettes—Barry 6, Pettigrew 8, Yeamans 4, Kaltenbach 5, Vallance, Simpson 3, Greig, Hendsbee. Total 26.

Nanaimo—White 6, Hindmarsh 15, Clark 2, Mummery 4, Good, Bennie 1. Total 28.

K.V.'s—Lewis 27, Griffin 4, Charlton 2, Minnis 8, McKinnon 4, McKay, Field 8, Calton 2. Total 55.

Manitoba in First Place

SASKATOON, March 6 (CP).—Manitoba swept into undisputed leadership in the seventh round of the Macdonald's Brier bonspiel tonight, defeating Saskatchewan, 10-8, in a nip-and-tuck curling match, while Alberta turned back Northern Ontario, 8-4, and British Columbia edged out Ontario, 9-8, before a crowd of 3,000.

With only two rounds remaining to play, Leo Johnson's Winnipeg Strathcona rink had won six games against a single loss. In second place were Alberta, Northern Ontario and Ontario with five victories and two defeats each.

In other seventh-round matches Quebec overwhelmed Nova Scotia, 17-5, and New Brunswick won over the still winless Prince Edward Island entry, 10-9.

British Columbia's victory brought Skip Frank Avery up to a tie with Saskatchewan's Dalt Henderson for third place with four wins in their seven games.

The rest of the field had no chance for the tankard emblematic of the Canadian curling championship. Quebec had three victories and four defeats, Nova Scotia two and five, New Brunswick one and six and Prince Edward Island an unbroken string of seven defeats.

Tomorrow morning games pit Manitoba against British Columbia, Northern Ontario against Ontario, Saskatchewan against New Brunswick, Alberta against Nova Scotia and Quebec against Prince Edward Island.

Standings after the seventh round follow:

	Won	Lost
Manitoba	6	1
Ontario	5	2
Northern Ontario	5	2
Alberta	5	2
Saskatchewan	4	3
British Columbia	4	3
Quebec	3	4
Nova Scotia	2	5
New Brunswick	1	6

B.C. Electric Makes $50,000 Extension to Sooke District

A $50,000 program of extensions which will bring electric light and power service to 53 homes of the 17-Mile, Otter Point, Rocky Point and Happy Valley Road areas, was announced yesterday by W. C. Mainwaring, vice-president of the B.C. Electric Railway Co., Ltd.

The extension program is already under way, and company officials stated it would be completed by early Summer.

The extensions have long been under consideration by the company but in recent years have been held up by wartime exigencies, Mr. Mainwaring explained. The result was that they received top priority on the company's program of work following the war. Already a large number of pole holes have been dug and the poles laid along the new extensions ready for installation, he said.

"Additional surveys are being conducted in the southern Island area now, and this work will be proceeded with as soon as details have been completed," Mr. Mainwaring stated.

In the vicinity of the old 17-Mile House four miles of line will be installed to serve 13 homes in the community. The extensions will be led from the high line down Glinz Road and Gillespie Road to "Grouse Nest."

In the Otter Point area nine homes on Maple Avenue and Grant Road will be connected, while an additional ten will benefit from the extension which will be carried from Grant Road along the West Coast Road to Kemp Lake Road, along Kemp Lake Road to Otter Point Road and along Otter Point Road for a distance of a mile and a half. In all there will be five miles of new line in the territory.

An additional five miles will serve 14 homes in the Rocky Point area. The work, which is under way now, will continue the present service along the Rocky Point Road, nearly to the end, with branches on Battersby and Ball Roads.

Seven homes have recently been connected in a mile of extension completed on Happy Valley Road.

Nearly all properties connected are farms, and the entire program, embracing surveys at present being conducted, will cover the whole of the southern portion of the Island in the general Sooke area.

Far East Offices Of C.P.R. Reopen

Hongkong and Shanghai offices of the Canadian Pacific Railway and Canadian Pacific Steamships, taken over by the Japanese during the war, are again open for business. This was reported yesterday by George Stephen, vice-president of traffic, Montreal.

Staffs in the two Oriental cities are now handling inquiries concerning passenger travel and freight traffic in preparation for eventual resumption of the company's steamship service between the Pacific Coast and the Far East.

Hart May Give Budget Tuesday

PRESENT indications are that Premier John Hart, as Minister of Finance, will present his 20th budget to the Legislature next Tuesday afternoon.

It is the Premier's proud boast that in the number of budgets he has presented, he has the record for any parliament in the Empire, and probably in the world—a record that he has held for at least five years.

Restorer Due At Esquimalt

Known to shipping circles of the entire Pacific Coast, the 1,280-ton cableship Restorer is expected to return to Victoria today. After undergoing extensive repairs, the famous vessel will again be based at Esquimalt.

Truly a veteran of the war, the 277-foot ship will undergo repairs and overhaul at Yarrows, Ltd. It will be "quite a big job," in the words of E. W. Izard, general manager. A small number of Yarrows men went to Seattle Monday to accompany the ship here.

The Restorer played an active role in the Great War and the World War. After service in Australian and Far East waters, the vessel came to Esquimalt in 1908. She was built near Newcastle, England. During the Great War she served as a training vessel at Port Orchard, Wash., under the jurisdiction of the United States Shipping Board.

The ship returned to Victoria in 1921, and operated out of this city until the outbreak of the World War. In August, 1941, she sailed out of Victoria under the command of Capt. Walter T. Gagnon, now residing at 2674 Topp Avenue. Her war work included communications work in Alaskan and Aleutian Islands waters. She has also served in the South Pacific. Last December she was returned to her owners, docking at Seattle November 24. The ship is now commanded by Capt. J. H. Connelly, of New York.

Her owners are the Commercial Pacific Cable Company, a combined British and American concern with headquarters in New York.

Crowd Shows Interest in Method of Pruning Roses

—Colonist Photo.

WITH the largest attendance on record—about 250 individuals—a rose pruning demonstration was staged at the rose garden, Beacon Hill Park, yesterday under auspices of the Victoria Horticultural Society. Harold Simpson, rose expert and a past president of the society, gave the demonstration.

He showed correct methods of pruning to encourage new growth so as to obtain good quality bloom. The correct time for pruning in Victoria vicinity, he stated, was March 1 to 30. This applied to standard roses as well as the bush varieties.

Climbers, however, were in a class by themselves. They should be pruned after blooming, usually in August, the old wood which has bloomed being removed and the new wood being tied into position for the next year.

A. E. Powell, active member of the Horticultural Society, signed up eight new members during the demonstration.

McInnis Supports Victoria Member in Work for Women

Equality of remuneration for women and men doing the same amount of work in industry was advocated by John McInnis (C.C.F., Fort George) during the Throne Speech debate in the Legislature yesterday afternoon.

Aligning himself whole-heartedly with Mrs. Nancy Hodges (Lib., Victoria) in her contention that women who needed employment for a living should not be displaced by men, Mr. McInnis declared he could see "no just reason why women should be paid less than men for the same service."

He said women paid just as much as men in cost of living, clothing and amusement.

He complimented last week's mass labor lobby on the fact that labor throughout the Province had combined to present a united front, though delegates belonged to different organizations.

The lobby's demands were reasonable, he asserted. Unless hours of work were reduced it would be impossible for all employable men and women in the Province to be put to work.

ASKS HIGHER BOUNTIES ON PREDATORY ANIMALS

Turning to problems of the North Country, the Fort George member strongly urged an increase in bounties on predatory animals. Wolves, cougars and coyotes were increasing so rapidly and were preying on game and livestock to such an extent that destruction was running into the thousands, he said.

Remarking that the Game Department was paying its way, Mr. McInnis suggested that it might be advisable to "put it in the red" so that bounties might be increased for the protection of game and of the farmers.

Pointing out that it was cheaper to protect than to plant, he laid stress on the need for conservation in forestry and recommended an increased grant this year for the Canadian Forestry Association. This body, he said, was doing a service that even the Government could not do in educating the people, and particularly youth, to the importance of timber resources.

The present pulp reserves in the North were sufficient to keep two mills going in the United States, Mr. McInnis pointed out. He maintained that Canada should pass laws to keep pulp in this country and urged the Legislature to petition the Federal Government for the necessary legislation.

Weather Forecasts

West and North Coasts of Vancouver Island—Overcast and mild with rain, commencing during early morning and becoming showery by late afternoon. Moderate to fresh southeasterly winds, becoming southwesterly in exposed regions by evening.

Vancouver and Vicinity — Intermittent rain in morning, becoming scattered showers by evening. Mild with moderate winds.

Pensioners Will Not Amalgamate

Victoria Aged Pensioners' Association, meeting Tuesday at First Baptist Church, voted against amalgamating with Vancouver aged pensioners' groups as had been recently proposed.

Although the group with the exception of one member voted against the proposal it strongly recommended full co-operation with other pensioner organizations.

Mrs. S. M. Arnold, president, contended that seating accommodation for aged persons at the Sunshine Camp, Sooke, was uncomfortable and suggested some easy chairs be provided by the association for the next camping season.

Authority was given to purchase dishes and crockery from the Local Women's Institute which were for disposal and which would prove useful when the association had a hall of its own.

Ten new members were enrolled at the meeting bringing total membership to about 300.

Request Grant — The Victoria Camera Club has written to the City Council requesting a grant of $100 in support of the sixth annual international salon of photography to be held here.

Endorse Improvement — The Chamber of Commerce has written to Mayor Percy E. George expressing approval of a recommendation of the town planning commission for widening Yates Street between Broad and Government.

Airport Committee — The City Council has been informed that Councillors P. A. Moir and J. V. Johnson of Oak Bay have been appointed to the intermunicipal airport committee.

Daylight Saving Time — Mayor Percy E. George has received a letter from the Kinsmen Club endorsing the stand of the council on daylight saving time. According to the letter the club has circularized many organizations in the city and has received many replies favoring daylight saving.

Released on Bail — James P. Brown, who was charged with manslaughter in city police court Monday as a result of the death of Patrick John Harris, 318 Wilson Street, from injuries sustained in a traffic accident Saturday night, has been released on bail of $2,500, police said yesterday.

Fined—Convicted on a charge of dangerous driving, W. Cowpersmith was fined $30 and had his licence suspended for one month by Magistrate Henry C. Hall in city police court yesterday. The charge arose following an accident February 28 at Fort and Douglas Streets which resulted in major damage to a car owned by William E. Veitch.

Building Permits — Building permits were issued by the city building department yesterday to McColl-Frontenac Oil Company for retaining walls for storage tanks at 120 Kingston Street to cost $1,375; and to D. M. L. Olsen for addition of a double garage and laundry room to a house at 1534 Despard Avenue, to cost $1,000.

Plan Breakwater At Cowichan Bay

DUNCAN, March 6—The south shore of Cowichan Bay, occupied at present by more than 20 houses built upon foreshore leases from the Provincial Government, also a number of business concerns on foreshore land, together with launch and yacht mooring grounds, has long been subject to severe buffeting from east and northeast winds. It is planned to erect a breakwater at a point east of the wharf, which should give the bay a safe harbor, and greatly enchance the value of Cowichan Bay from a residential and holiday resort standpoint.

One-third of the continent of Australia lies in the tropics.

Servicemen With Amputations Returning to Prairie Farms

Saskatchewan veterans who have suffered amputations are returning to the farm in large numbers, Col. R. B. Martin, former officer commanding No. 16 British Columbia Hospital, R.C.A.M.C., in England and Holland, and now consultant orthopaedic surgeon to the Department of Veterans' Affairs for Saskatchewan, said at the Empress Hotel yesterday.

"Amputation cases are rehabilitating themselves well, and all returned men seem to be coming back with a much better feeling than after the last war," said Col. Martin, who also served in the Great War with the R.A.M.C. in Palestine and France.

New drugs such as the sulfa group and penicillin, and early treatment of wounded at hospitals close to the front line, contributed to saving a vastly higher proportion of wounded men than in the Great War, Col. Martin said.

In fact, he added, the number of lives saved by modern medical techniques accounted for the much larger percentage of amputation cases among veterans of this war. Many of these men would have died in 1914-18.

Progress in making of artificial limbs was tremendous, he said. He recalled visits to an amputation hospital housing 40,000 cases at Roehampton, near London, where every member of the staff of 4,000 was an amputation case himself. At that hospital he saw a man run up and down stairs and challenge onlookers to tell which of his legs was artificial. When several guesses had been hazarded, he revealed he had lost both legs.

Col. Martin, with Mrs. Martin, is spending a ten-day holiday here before returning to Regina. While in Victoria he is visiting a number of Victoria doctors, who were in his unit. Six of them were present at a luncheon yesterday in the Empress Hotel.

Permit Diseased Potatoes to Be Sold but Issue Warning

Permit Diseased Potatoes to Be Sold but Issue Warning

Entry of the potato crop disease "ring rot" into British Columbia would be a serious matter for the province. But so is the present domestic potato shortage.

For this reason the Provincial Department of Agriculture has decided not to enforce return to point of origin of recent shipments of imported potatoes found to be contaminated.

However, officials of the department yesterday issued a warning to potato growers to plant nothing but certified seed.

Dr. J. B. Munro, deputy minister of agriculture, reassured consumers that infected potatoes are harmless on the table. But there is grave danger to future crops if these potatoes, or peelings from them, or the sacks in which they came, are allowed to get into backyard plots or farm areas.

The official warning followed discovery of ring rot in three carloads of imported potatoes at Victoria and 18 at Vancouver. Up to the present, shipments found on inspection to be contaminated have been resealed and returned to the United States. The decision not to enforce that procedure this time has been taken only because it is felt that some consideration is due to consumers.

Officials point out that the shortage is so acute that although they are aware of ring rot in many of the potatoes going on the market, they cannot deprive the public of an essential item of diet.

Peelings and sacks must be destroyed, however.

Helping Abnormal Children by Gland Extracts

By Dr. J. B. WARREN

Before the discovery of gland extracts, as many youngsters developed normally at puberty, youngsters who had not developed normally were not given gland extracts and did not develop normally. Today children's specialists and general physicians advise that when there are definite signs of gland deficiencies, gland extracts (thyroid, pituitary, sex and others), should be given not later than 10 to 11 years of age.

Real Estate Men Discuss Ethics

Business etiquette and general real estate courtesies were discussed at length yesterday at a meeting of the Victoria Real Estate Board at the Douglas Hotel.

An inter-change of ideas, free expression and discussions should be one of the board's main objectives, claimed J. A. Wild, main speaker.

"Business ethics are of a paramount importance," Mr. Wild maintained. He did not want the real estate business to revert to the theory of "survival of the fittest."

He listed three rules for real estate businesses: know the truth, act the truth, and tell the truth.

In a discussion, Robert Shanks advocated a training school for new real estate salesmen, and urged that beginners be classed and trained as though they were apprentices. He claimed all agents should have a general knowledge of law, and legal aspects of selling properties.

Claiming the world and all within it was in a form of confusion, Mr. Wild noted that present day clients differed greatly from those of post-war days of the Great War.

Maj. Kirkpatrick Crockett, city lands commissioner, was a guest.

The Turks introduced coffee to Europe about 1683.

Fish and Furniture In Veterans' Courses

A course for prospective fishermen at Nanaimo and a course in French polishing in Vancouver were announced yesterday by Canadian Vocational Training officials, as being offered to veterans.

The fishermen's course will start on March 15 and continue for nine weeks. The curiculum includes lectures on care of boats, navigation, latest fishing methods, conservation and preservation of fish, and detailed West Coast fishing lore.

The French polishing course, to be given in the Vancouver auditorium, will be started when enough applications are received. Duration will be from six months to a year. It will be held in conjunction with wood-working class now in operation.

There are several vacancies in the Nanaimo power saw school, it was announced.
